7 Large Industries With 25-Worker Potential Show Interest In Area

5-Cent Bus Fare Raise On Trips Across Bridge

Fare for interstate trips on its McKinley Bridge bus route will be increased effective at 12:01 a.m. next Tuesday, Dec. 13, the Community Coach Co. announced today. Trips between points in Illinois are not affected by the change.

Adult fares will rise five cents. The new totals will be 25 cents between St. Louis and points up to the Broadway railroad crossing, 30 cents from St. Louis to the Venice city hall intersection and 35 cents for longer distances.

Children's fares for the three distances will be 15, 15 or 20 cents instead of the present 10, 13 or 15.

This is the first increase in Community Coach fares in eight years, during which seven increases in labor costs occurred, the company said.

Contracts signed this fall limited hourly pay boosts of 50 cents over a two-year period to mechanics and drivers.

High-Speed, New Design Cargo-Handling Equipment Expected To Open Canal Harbor To World Traffic, Increase Commerce Here

Barely a year old, the Tri-City Regional Port District Authority today unveiled plans for a \$24,000,000-to-\$30,000,000 marine port of the Chain of Rocks canal harbor site to be developed over a period of two to five years through the issuance of revenue bonds.

Carl A. Ranft, chairman of the Port Authority board, in an exclusive interview with the Press-Record, said the Authority prospects for location of a sugar refinery near the harbor are, and at least seven large industries in the steel, furniture, tire, chemical and food products fields have indicated interest in locating plants on the 14,000 acres adjacent to the port.

New Home Building Increases In City

A sudden surge of home building permits were reported today by the Granite City City Building Inspector Earl L. Bloomquist and City Clerk A. L. Stevens.

Twelve new dwellings, valued at a total of \$188,750, are to be erected with seven of them to be built by Kent Realty Co. in Sharnock gardens. The seven brick veneer houses with five rooms and bath, each valued at \$14,950, are to be erected at 2425-25-33-37-41-45-48 Killroy avenue.

Two others in Sharnock gardens, valued at \$16,750 each, are to be brick veneer with five rooms, bath and garage, and will be located at 3217-21 Erin avenue.

Other Home Permits

The other permits for dwellings went to L. Wolf Co. for construction of two brick veneer houses with six rooms and bath to be located at 3209 and 3225 Colgate avenue in Linders Park Estates. The homes are to be erected at costs of \$15,000 and \$19,000.

Garlan Farless obtained a permit to erect a \$15,000 brick veneer house at 2212 Erin avenue.

During November, 56 permits with a value of nearly a half-million dollars were issued. The exact total value of new construction was \$414,663, and of the 56 permits, 21 were for dwellings.

Last month's total was just slightly under the \$502,000 value during October when 67 permits were issued, including 15 for houses.

11-Month Comparisons

Granite City's new construction for 11 months totals \$5,667,061 for 819 permits. This is \$770,500 under the total for the similar 11-month period of 1959 which was \$6,437,561.

Other construction permits issued late in November included two for home improvements valued at \$529.50.

Million Dollar Shopping Center Stated For GC

100-Unit Motel Also In Plan; City Asked To Build \$91,000 Street

(Picture on Page 8)

Plans for a million-dollar shopping center, end, note along Nameoki road immediately north of the Kroger Co. market were disclosed during Monday night's city council session when an attorney for the builders asked the city to construct a \$91,000 roadway at the rear of the center.

James Henderson of the Lueders Agency said a new corporation, Nameoki Village, Inc., is being formed to develop the mall-type shopping center, to include 18 to 20 stores with a total of 120,000 square feet, possibly a 100-unit motel and parking facilities for 600 autos. It is planned for the center to be opened in the spring of next year.

City Judge Fred P. Schuman, attorney for the new corporation, in outlining the proposed development to the council, said its construction was contingent on the new street which would provide additional access to the center and provide for service to the shops and stores.

He added that the proposed roadway, which would extend from the Fehling road curve at the north end of the high school athletic field, behind the new shopping center and then curve to join Nameoki road near the Big Top Bowl, also would relieve congestion at the Fehling-Nameoki-Johnson road intersection and possibly provide a future outlet to West Pontoon road intersection along the Wabash Railroad Co. tracks.

Council Heston

Council members were divided in their opinions of spending \$91,000 of city motor fuel tax funds for such a road but placed on first reading the prepared resolution asking the state highway department to approve such a road as an arterial thoroughfare to qualify for MFT funds.

Henderson, who was not present at the council session, told the Press-Record the planned 120,000 square foot shopping center would include a 100-unit motel and parking facilities for 600 autos. It is planned for the center to be opened in the spring of next year.

20th St. Widening Stymied Until Sewer Is Repaired

Widening of 20th street—scheduled to start next spring—is stymied because of sewer troubles.

During Monday night's session, council members were informed by Engineer Al Pearce that the state will not proceed with the project until the city either repairs or replaces a 31-inch sewer line under the street.

A contract for the widening and resurfacing project between Madison avenue and Edwardsville road was officially awarded only a few days ago to the A. H. Sebold Co., but Pearce said he had an eight-hour conference with state highway officials since then and they questioned the conditions of the sewer line.

Cost—\$150,000 Or More

The engineer said he made an inspection and found many sections where the sidewalks or bottom were gone. He estimated it would cost \$150,000 to replace the sewer or \$200,000 to relocate it. The city recently completed repairs to a collapsed section at Omaha street at a cost of \$26,600.

Pearce said the highway department wanted an answer by Tuesday, and the city is expected to state there was nothing the city could do to replace the sewer.

The mayor pointed out that to replace or relocate the line might result in a double expense, since the city's Master Sewer and Drainage survey might call for a much larger trunk line that would be required to replace the city's sewer.

"We can do nothing until that survey is completed and we know what is recommended for that area."

The city engineer said the present 31-inch line is within 18 inches of being filled to capacity even when there has not been any rain.

Survey Completion Soon

The master sewer plan is to be completed within the next few months, and the city is expected to confer with the state on the availability of funds for repairs to the defective sewer line. Motor fuel tax funds are not available for such a project.

Henderson, who was not present at the council session, told the Press-Record the planned 120,000 square foot shopping center would include a 100-unit motel and parking facilities for 600 autos. It is planned for the center to be opened in the spring of next year.

Tibbals Is Made Vice-President Of American Steel

(Picture on Page 3)

R. O. Tibbals, works manager of the American Steel Foundries plant here, today was appointed vice-president in charge of manufacturing in the Transportation Division of the company, effective Jan. 1.

The announcement was made in conjunction with a meeting of the board of directors and tour of the local plant by directors and officers of the company, who arrived here early this morning.

A. P. Steinhilber, assistant works manager, will succeed Tibbals, whose new position will take him to the company's Chicago headquarters.

As vice-president, he will direct the manufacturing operations for the company's Granite City and Alliance, Ohio plants, both of which are part of the Transportation Division of the company, effective Jan. 1.

Armed Bandits Get \$175 In Stickup Here Last Night

Two bandits made off with more than \$175 in an armed robbery at Estes Confectionery, 1700 Courtney blvd., at 9:36 p.m. yesterday.

Bandit Issues Warning

Mrs. Clyde Ozment, an employee, was held at pistol point by one of the robbers, while his accomplice looted the cash register.

Mrs. Ozment, who had been in the living quarters in the rear of the store, was alone.

"I came into the front of the store when I heard the door open, and I thought a customer had come in," she said.

She was startled when she overheard a pistol from his overcoat and said "this is a stickup."

"Don't try anything funny," he ordered, her to the living quarters to permit his partner to enter and ransack the cash register.

She was unable to give an accurate description of the youth who held her at gunpoint and did not see the other youth's face. Neither was masked.

She said the boys were of medium height and slim. They left a store and appeared to walk away, she added. She heard no auto drive off.

She's department are conducting an investigation and plan to question a suspect today. They had arrested two men in a similar robbery of the store

3 Guns Stolen From Auto Parked In GC

The theft of three revolvers from his auto while it was parked for a half-hour in the 1300 block of 19th street was reported to Granite City police yesterday by Richard Pritchett, 2328 West 23rd street. He said the car was on the street between 5 and 5:30 p.m.

Pritchett said the thief also took a book in which he kept records of gun sales. Missing are two .38 caliber and one .32 caliber pistols, including a Beretta.

Woman Jumps From Car Before Train Strikes

Mrs. Dorothy Macdullen, 1416 Eighth street, Madison, a deputy in the circuit clerk's office, narrowly escaped injury at 9 p.m. Monday when the right rear of her car was struck by a west-bound Gulf, Mobile and Ohio passenger train at the Maryville road crossing.

Hampered by a heavy rain and the sharp curve immediately after an incline, Mrs. Macdullen felt her southbound auto skid slightly on the first set of tracks and decided to apply the brakes to avoid going into a ditch.

"The car stalled and I couldn't get it started," she told the Press-Record. "I put it in neutral and tried several times, but it wouldn't start. The train kept coming closer and closer, and I finally decided to jump out."

"I had one foot in and one foot out when the train hit it. The car did not move, but it made shock and the fender was torn off," she explained. Damage included the rear bumper and tail light. Only the corner was protruding onto the tracks because of the angle of the crossing. No estimate of the damage has been made.

City, Bank History In Story. Pictures In 50-Year Brochure

It was back on Oct. 4, 1910, that the Granite City Press and Record—even then ahead of the breaking news—made the first official entry in the 50-year log book in which is chronicled the history of the Granite City Trust and Savings Bank.

Under the heading, "Organize Trust & Savings Bank," the Press went on to say, in part: "Granite City will in the near future, it is promised, become the home of the only trust and savings bank actively engaged in business in the county with a paid in capital of \$100,000."

"C. F. Steisel, who is acting for the organizers of the new company, went to Springfield Saturday and secured the right to organize the Granite City Trust and Savings Bank."

"The new bank will do a general banking and trust business."

Chartered Dec. 10, 1910

The Press' predictions materialized on Dec. 10, 1910, with the chartering of the financial institution, which this week is marking its 50th anniversary with a series of golden jubilee events.

Better to commemorate the past half-century of its service, growth and development, the bank has prepared an illustrated booklet, a 16-page chronicle under the title, "50 Years of Growth With Granite City and the Granite City Trust and Savings Bank."

The cover pages appropriately are set off with gilded borders, letterings and background, since this is a golden jubilee, and its recitation of events is of interest alike to the old-timers and to those who want to learn more about the history and background of the community.

Photographs of earlier day scenes are rich in nostalgic recollections, and include a picture of the McKinley bridge under construction; of a trolley car of our yesterdays; ground breaking ceremonial for the Granite City public library, and a gallery of presidents of the institution.

Bank Presidents

These figures of the financial world, and the dates of their presidency are listed as:

C. F. Steisel, Dec. 15, 1910-Jan. 10, 1912; Fred Kohl Jr., Jan. 10, 1912-Aug. 27, 1924; William Champion, Oct. 22, 1924-Jan. 27, 1936; Ben Schermer, Jan. 27, 1936-Jan. 20, 1937; Henry D. Karandjef, Jan. 20, 1937-Jan. 8, 1958-present.

Henry D. Karandjef, when he vacated the presidency, became chairman of the board of directors. Serving on the board with him as the bank and trust company enters the second half of its century of achievement and growth, are:

Ernest A. Karandjef, Roy C. Barney, William C. Brocius, C.

Contractor Among Group Locating Oil Deposit

The dream of many—striking oil—was realized this week by Otis Farless, 2824 Dogwood drive, building contractor, and three other local businessmen whom Farless had invited to share in the drilling investment.

After investing in three unsuccessful attempts, at Pontiac, Breesee and Plainville, Ill., Farless participated in a search for oil near Robinson, Ill., and a 22-foot area of saturated sand was located at a depth of about 1000 feet. Pumping was started at a rate of over 200 barrels a day, and related equipment was installed Tuesday and yesterday.

Farless, who believes there are prospects for up to six other wells at the same site, emphasized that oil ventures are speculative but less so when dealing with known agents. He was given investment opportunity by a close friend he has known for 15 years, he related. The friend conducted seismograph tests to locate sandbars below the surface.

How much profit there will be is unknown, since some wells in the area have been producing for 40 years and others have gone dry, Farless said. They will be divided among a large number of persons who shared in the financing, he added.

THREE GRANITE CITYANS employed by the Granite City Engineer Depot in its newly established consolidated surplus sales office, have received promotions. They are Mrs. Regina S. Finch (left), Emmett Maxson (center) and William H. "Dusty" Rhoads.

3 Granite Cityans Win Depot Promotions

The Granite City Engineer Depot today announced the promotions of three employees of its newly set-up consolidated surplus sales office. All are Granite Cityans.

William "Dusty" Rhoads, operations support officer was advanced to the position of chief of the new sales office. He has been a Depot employee since 1950 and aided in the organization of the new department.

Mrs. Regina S. Finch, contract specialist in the consolidated surplus sales office received a raise in grade and pay; the installation announced. She previously worked at the transportation branch in St. Louis.

Third to be promoted is Emmett Maxson. As supervisory contract specialist with the new unit, he has been upgraded in pay and grade rank. Maxson has been at the Depot since February 1957.

ICC To Hold Bus Route Hearing At City Hall

(Special from Springfield)

The Illinois Commerce Commission will conduct a hearing in Granite City in the near future on an application by Community Coach Co. to reroute East Granite buses. It was announced today.

The hearing here was requested by the city council, and the ICC is expected to set the date held at the city hall.

To be considered is the routing of northbound East Granite buses from the 2500 block of Delmar avenue to the 2500 block of Edison avenue. The change was made following a hearing July 5 when residents of the 2500 block of Delmar avenue protested the operation of buses in both directions in the street.

The bus company was directed to revise its routing and the case was taken under advisement by the ICC, subject to reconsideration at a later date.

Regarding the case was requested by the city, and there were no objections by the bus company.

Lutheran Choirs Will Present Concert

The combined choirs of Concordia Lutheran Church, 23rd street and Grand avenue, under the direction of Victor Bonafant, will present the annual Christmas candlelight concert Sunday evening, Dec. 11, beginning at 7:30 o'clock.

A feature of the program will be the candlelight procession of the 55 singers and the singing of the long time favorite Christmas hymns. The program, developed along the theme of "Prophesy, the Birth of the Christ as Fulfillment and Worship and Adoration as the Christian response will contain such titles as "Come, Thou Bright and Morning Star," "To Shepherds as They Watched," "A Great and Mighty Wonder," "Of the Father's Love Begotten," "Beside the Manger," "Here I Stand," and others.

Guest artists for the performance will be Pastor Samuel Boda of St. John Lutheran Church, violinist; Miss Carol Reeves, piano accompanist; Emmert Dannenberg Jr. and William Frey III, trumpeters, and Prof. Aris J. Ehlen, organist.

Tavern Operator Loses Envelope With \$252

Maie Bangert, operator of a tavern at 1369 Edwardsville road, reported to Granite City police about 9:30 a.m. that she had lost an envelope containing \$252 in cash while enroute from the tavern to a bank.

She said the loss occurred either as she was getting in her car at the tavern or out of it on the bank parking lot at 20th street and Edison avenue.

Water Company to Award 4 College Scholarships

The East St. Louis & International Water Co. will award four scholarships, ranging from \$250 to \$1500 to outstanding students whose parents are either employed by firm or those among the customers served by the company.

E. Clinton Smith, vice-president and manager, announced today.

The scholarships will range in value according to the need of

the student in each year of college attendance.

The awards will be given to area students qualifying as finalists in the National Merit Scholarship program.

The finalist will be selected after a test which will be taken this month.

Students who will participate in the test took a qualifying exam last April. More than 10,000 of 550,000 students passed the exam.

Another Bogus \$20 Bill Passed In GC

Another bogus \$20 bill, apparently passed by the same woman who spent two in local stores last weekend, was turned over to Granite City police this week by the operator of a confectionery at 23rd street and Delmar avenue.

Chief of Detectives James R. Lowder said an attempt is being made to identify the passer, who is believed to have a number of the bills in her possession. Two men recently were sentenced in St. Louis for counterfeiting, but a number of the bogus bills were placed in circulation.

Part Of Gum Cleaner Loot Recovered

Only a few of the 52 articles of clothing stolen last weekend in a break-in at Gum Cleaners were recovered this week, and they were uniform garments of city policemen and industrial guards.

The cleaning shop at 2201 State street was entered last night.

The counterfeited bills carry an "H" in the federal reserve bank seal and a "Y" preceding the bill number.

Also, the green ink is lighter and the black engravings are darker than bonafide currency.

Saturday night and a safe was carted away and smashed open. It contained only records.

However, the thieves stole a small radio and the clothing which included 21 skirts, 12 dresses, two topcoats, a shirt, two women's coats, two pair of trousers, three sport coats, a suit, three blouses, a vest, a tuxedo and the uniforms.

The thieves discarded the uniforms by throwing them from an auto along Quincy street near 20th street.

Deadline Jan. 10 For Nominations For Civic Award

Quad-City organizations and individuals have until Jan. 10, 1961, to nominate candidates for the 12th annual Civic Achievement Award which will be presented early next year by the Associated Retailers and Civic Association.

The Civic Award Committee, which met yesterday, requested that all nominations be documented and sent to Alvin Barnes, secretary of the retail association, at his office, 1300a Delmar avenue.

Last year's award was presented jointly to the United Steelworkers Union and the Granite City Steel Co. in recognition of their excellent labor-management relations which kept the local plant operating during the lengthy national steel strike. Over 1000 attended the award banquet and heard the principal address given by James McDonald, national steelworkers' president.

William A. Morris III, chairman of the Civic Award Committee, was authorized yesterday to appoint a committee to nominate a chairman and vice-chairman for next year. On the nominating committee are Fr. M. Costello, S. E. Pershail Jr. and Attorney Randall Robertson.

The next meeting of the award committee will be Jan. 11, when suggestions for the 1960 recipient will be reviewed and a selection made. Officers on the award committee are Loren Good, Robert Gung, Wensel Brown, T. A. Sullivan, Mrs. Ruth Hoxel Avery, and C. E. Townsend.

Triple Lodge Names New Officer Slate

Triple Lodge 835 AF&AM will seat its new officers at installation ceremonies on Wednesday night at the Masonic Temple.

The fraternal group elected new officers last night to serve during the year ending Dec. 31.

Lindy F. Walker, a fuel distributor of 3004 Buxton avenue, was elected worshipful master, succeeding Charles L. Chance. Other elective officers named were:

Max Merz Jr., senior warden; John Hamm, junior warden; William J. Mehl, treasurer (re-elected); R. E. Doolittle, secretary (re-elected).

Appointed by the new worshipful master are: Gene Ross, senior deacon; Roger Wade, junior deacon; Max Chmard, senior steward; Donald Bright, junior steward; Paul Grundon, Tyler; Lee Adams, marshal; Harry Sharp, chaplain; Charles L. Chance, organist.

John Backs will be the installing officer.

Coin Machines Ripped Off Laundromat Wall

Two coin changing machines containing an undetermined amount of money, were ripped off the wall of a laundromat and carried away last night.

Folks were awakened this morning to the laundromat at Nameoki road and Pershing avenue to investigate the theft.

IT'S CHRISTMAS TIME AT FLEISHMAN'S

Ernest A. Karandjeff, aviation; Chester L. Baker, budget and finance; E. E. Veith Jr., civic improvement including the new post office; Gene H. Sternberg, congressional action;

Lenard Fleishman, downtown parking and development; Dr. Harold M. Kaiser, education; Earl J. Miller, fire insurance; Dr. Irvin Wiseman, health; Henry D. Karandjeff, Horseshoe Lake development;

C. E. Townsend, industrial development; G. W. Hoelscher, master sewage and drainage; John McElroy, membership; E. G. Schmitt, planning and zoning; B. E. Hohl, program; Jon Dressel, public relations; Jack Friedman and A. E. Michel, retail;

G. W. Hoelscher, state legislation; G. W. Hoelscher and Harold Karandjeff, tax study committee; A. W. Morris III, transportation and highway.

Thomas A. Sullivan, plant manager here of the A. O. Smith Corp. who is being transferred to the Milwaukee home office, submitted his resignation as board member, effective next month. Sullivan heads the C. of C. membership relations committee.

The board likewise accepted the resignation of Mrs. Josephine Richardson, office secretary at the headquarters at 1930 Edison avenue. She will leave Jan. 1. Mrs. Bobbie Sizemore was named to replace Mrs. Richardson, and will take over her secretarial duties on Jan. 16.

Gene H. Sternberg, chairman of the congressional action committee, told his board colleagues he had conferred recently with Wayne Hopkins, district manager for the United States Chamber of Commerce, relative to the formation of "a strong congressional action committee" to consider national legislative proposals.

Five Men Fined In Shooting of Granite City Lad

A Collinsville man pleaded guilty Tuesday to the shotgun wounding of a Granite City youth on Sunday at 10:20 p.m. at the Cleo Club, 8800 Collinsville road.

Robert Crouse, 20, of 1903 Spruce street, was struck in the face by pellets from the gun when a blast was fired through a glass entrance door.

St. Clair county authorities said Crouse was inside the club when the shot was fired by Clifford King, 22, of 3235 Amherst avenue, Collinsville, who was charged with the shooting.

Crouse was treated for wounds in the forehead, face and neck at St. Mary's Hospital, East St. Louis, and released.

King, his three brothers and another man were involved in the fracas, authorities said.

King was fined \$128 on a four-count charge of disorderly conduct and assault with a deadly weapon.

Benjamin King, 20, charged on three counts of disorderly conduct and assault to the shooting was fined \$100.

Albert, 25, and Gene King, 23, were fined \$43 on two count charges of disorderly conduct.

Another man, Floyd Courtwright, 48, of 8305 Parkway Blvd., Collinsville, also was fined \$43 on two counts of disorderly conduct.

The Kings, all brothers live in Collinsville.

The five men were arranged before Justice of the Peace Edward Klein, Freeburg.

No reason for the shooting was given by county authorities. The men were reported to have been drinking.

The ability to do without places a man in a bargaining position.

Press-Record Census Contest Winners Give Close Counts

E. E. Rouland Is Top Winner With Total Only Five Over

The Press-Record yesterday awarded \$175 in U. S. Savings Bonds in the way of Christmas gifts as it went to a trio of contestants whose estimates of the population of Granite City, Madison and Venice came closest to matching the official, 1960 final census combined total of the three communities.

The contest "magic number" turned out to be 52,314, the number of persons who call Granite City, Madison and Venice "home."

Declared winners of the Press-Record's "Population Guessing Contest" launched last April when the 1960 decennial population count got underway, are a sales engineer, a 72-year-old retired steelworker and coal miner who is a widower and a Nanook road housewife, mother and grandmother.

To E. E. Rouland, 55, a sales engineer at the Kelly Tar and Chemical Corp., and a 35-year resident of Granite City went the top award, a \$100 U. S. Savings Bond. Rouland, who lives at 2025 Benton street, came within the proverbial "whisker" of making an exact forecast of the combined population of the three municipalities.

On his entry received on April 21, he gave 52,319 as the three-city count. That's just five over the official tabulation.

The contest second prize, a \$50 U. S. Savings Bond, went to Henry Van Vertloo, 72, of 2104 Cleveland Blvd., Granite City. Mr. Van Vertloo's "guesstimate" was 52,222.

A retired steelworker and coal miner, he had lived here most of his life. He was born in the Pontoon Beach neighborhood.

Third place money went to Mrs. Ida Mae Sargent, 3200 Nameok road, for her prediction of 52,345. She is better off

Count Announced Monday
The final, official 1960 census figures for the Tri-Cities were released this week.

This showed the combined population for the three contiguous municipalities to be exactly 52,314. Of this tally, Granite City's '60 total is 40,073; Madison, 29,465; and Venice, 8,276.

Incidentally, the 1950 official enumeration gave Granite City 29,465; Madison had 29,465; Venice, 8,276, for an all-over figure of 47,656.

The 10-year Tri-Cities gain represents a gain of 8,660 or about 20%.

Under contest rules, U. S. Savings Bonds were to go to the top three whose population forecast—6,851, Venice, 5,280, and as a commentary on the "oracular" abilities of Quad-Cities, it should be pointed out that there were scores of entries coming within the gun-sights of the 52,314 figure.

GRANITE CITY TRUST AND SAVINGS BANK'S Golden Jubilee celebrating is being done in a series of 30th anniversary birthday parties this week. Shown here is a small portion of the 950 guests on hand last night for the buffet

GC Trust's 50th Birthday Parties Attracting Throngs

The Granite City Trust and Savings bank is going to be a well-practiced party giver — in fact, a perfectionist in the art of entertaining — by the time it completes the calendar of its 50th anniversary celebration.

And very appropriately, the bank lobby is embowered with golden, yellow chrysanthemums and other blooms, gilded tinsel, and in ornamentation, in keeping with the golden jubilee theme.

Monday night the Edison avenue bank entertained at a "family" buffet supper. Here the week-long 50th birthday party got under way with a turn out of 300 stockholders, directors, officers and staff, and members of their families.

Last night, and carrying over in a repeat performance this evening, the bank was the scene of a goodly gathering of 350 men and women of Quad-Cities officialdom, industry, manufacturing, labor, education, the church, bench, bar, service, welfare and youth organizations and commerce.

But this is not the finale to the bank's parties.

Open House Schedule
All Quad-Cityans and the 50-year-old institution means just that — an invitation to the open house reception from 2 to 6 p.m. Saturday and Sunday. Instead of bringing presents to the birthday celebrant, as is the usual custom, the bank itself is doing the gift-giving.

There will be anniversary presents for the men, the women and the kiddies; over a half-hundred major prizes will be awarded and all will get souvenir anniversary booklets depicting 50 years of community growth in the Quad-City area.

Weekend visitors will find the bank in party toggery, the various facilities and sections placed about better to inform as to its services and conveniences. And officers will be on hand, as they have all week, to greet the birthday guests.

supper in the lobby. A turn-out of 450 is anticipated for tonight's repeat party for invited guests. Saturday and Sunday from 2 to 6 p.m., all Quad-Cityans are invited to the bank's open-house reception.

FESTIVELY DECORATED for the holiday season, Madison avenue in Madison has blossomed out with Christmas wreaths suspended from each street light standard. The decorations include Santa Claus, as seen in the foreground, and candles and bells, visible in the distance. They were purchased by the city.

City To Ask ICC For RR Overpass

Traffic tieups and delays at railroad crossings resulted Monday night in the city council reviewing its efforts for an overpass to serve the West Granite area.

Alderman Paul Rutledge outlined several incidents in the past week where trains have blocked "all crossings" for 20 to 35 minutes. "You can drive a thousand miles in this country and never get stopped by a train until you get to Granite City," Rutledge said.

Turning to City Atty. William Beatty, he asked that a letter be written to the Illinois Commerce Commission seeking its assistance. The alderman said he realized the city would have to pay its share of the construction cost.

"We have to do something. This town is getting larger and larger, and we can't afford to have such a condition where one entire section of the city is shut off from emergency services just because of trains."

The attorney was instructed to arrange a meeting with the commerce commission.

Jackson Elected Head Of Appraiser Group

Carl A. Jackson, of Mercantile Mortgage Co., was elected president of the Southern Illinois Chapter of the Society of Residential Appraisers at meeting Tuesday night in Belleville.

Three other Granite City members of the group also were named as officers.

Walter H. Francis, of Francis Real Estate agency was elected to the board of directors; Douglas Little was appointed to the construction cost committee and John N. Bloodworth was named publicity director.

Other members of the group from Granite City are John Sobol, of Cochran Real Estate; Robert E. Ourlant, First Granite National Bank; Douglas Little of State Loan and Savings; Terry Francis, of Francis Real Estate; Donald C. Lambert of Lambert Real Estate; Von Dee Cruise, tax assessor for Granite City township.

The organization meets monthly to discuss and study appraisals.

David Morgan Named To Youth Committee

David Morgan, executive director of the Granite City Housing Authority which operates Kirkpatrick Homes, has recently been appointed to the eight-man District Advisory Committee of the Big Brothers and Sisters Association of Illinois.

The organization works in conjunction with the Illinois Youth commission to aid in child welfare.

Morgan, long a vigorous supporter in child welfare programs here, was selected because of his activities in that field.

His appointment was made by J. Stanley Bradbury, president of the state group, who said in a letter "you have been recommended to us as a person who can give the children in your area and would make a valuable addition to our committee."

National Bank 'Family' Yule Party Attracts 117 Tuesday

There was banqueting, there was dancing, exchange of gifts, caroling, good fellowship and, importantly, holiday bonuses given out at the Rose Bowl restaurant Tuesday night.

It was the 18th yearly renewal of the First Granite City National Bank's "Family" Christmas party, and there were 117 guests.

Given by the institution's Employees' Club, the party was held for "employees, officials, their wives, husbands and sweethearts and boy friends of the unmarried," as President Harold R. Fischer described it.

A huge, gaily decorated Christmas tree was the focal point of the party, and there was the exchange of gifts among the party-goers. Fischer said it was a "family" affair, and the club took over the restaurant for the evening.

A four-piece orchestra provided the dance music.

Edward Pierce is president of the sponsoring Employees' Club. Marilyn Contrell and Darlene Beckett are the other officers. The annual holiday event dates back to 1942.

Boy, 16, Admits Theft Of Copper, Aluminum

Informed Monday of scrap iron, copper and aluminum thefts at the Dow Metal Products Co., Madison police investigated and arrested a 16-year-old Madison boy at 8:05 p.m. Tuesday.

He was referred to the police department's youth officer after questioning.

A school student, he gave a statement relating that he had entered the firm's dump near Fifth and State streets Dec. 4 by cutting a section of barbed wire fence with a hacksaw.

Removing scrap metal from the dump and hiding it adjacent to nearby railroad tracks, he later returned and found some of it missing. The remainder was taken home and sold Monday, he told police.

The boy also admitted taking a box of 20 packages of gum from the Schermer Brothers Supermarket, 12th street and Madison avenue.

'Tree Of Lights' Burning Brighter; Many Requests

The Salvation Army's "Tree of Lights" is glowing brighter, and that is as it must be if the Army is to fulfill all applications for Christmas baskets for the needy, underprivileged, invalided and neglected.

Capt. Mildred Walker of the Army corps here, today disclosed that requests for Yule baskets are being heavy, and the number distributed is very likely to exceed last year's 350.

Lighting ceremonies were held Saturday afternoon for the 20-foot "Tree of Lights" on the postoffice grounds at the Neidringhaus avenue and 20th street triangle.

The fir is hung with strands of 150 colored lights. With each \$25 contribution to the Salvation Army's Christmas basket fund, a colored light is added to the tree's illumination. A nearby bulletin board herads the names of the donors.

New Contributors: Saturday, the first 35 lights were turned on. There have been additions. The Salvation Army reported, as of yesterday, new contributions of \$25 each were received from:

Davis Funeral Home, Nankov, Murdock Beer Distributors Inc., Venice Police force, Betty Gamas, Leander Department store employees, Mr. and Mrs. William Huxel.

Capt. Walker said applications for Christmas baskets will be accepted through Dec. 12.

All will be checked and given consideration so as to obviate duplication and to make certain they go to deserving, needy and worthy families.

May Need 400 Baskets "As it looks now," she said.

Slated For Church Council Presidency

J. Irvin Miller, chairman of the board of the Union Street & Refining Co., is slated for election to the presidency of the National Council of Churches now in convention sessions at San Francisco.

If named, Miller will be the first layman to occupy the position. Other presidents have been clergymen.

The council, an interdenominational body, is made up of representatives of the nation's major Protestant and Orthodox churches.

Miller, who resides at Columbus, Ind., has been board chairman since 1958. Additionally, he is active in the management of the Cummings Engine Co. and the Irvin Union Bank and Trust Co., Columbus.

Robbery Suspect

A Granite City woman, 31, is being questioned today by St. Clair county authorities in connection with a \$600 holdup which was staged in that county Nov. 23. The woman was taken into custody by Granite City police last night and was turned over to St. Clair deputy sheriffs.

The Washington Monument, after an auspicious beginning on July 4, 1848, stood complete at a height of about 135 feet from 1854 until Aug. 2, 1867, when President Ulysses S. Grant approved an act which provided that the Federal Government should complete its erection.

Coordination Of Airport Studies Sought By C. of C.

The Tri-Cities Chamber of Commerce will join in a move to determine "what should be done" in the future of the airport, direction and implementation of long-discussed proposals for a second major airport to serve the metropolitan St. Louis area.

Such a transport facility would supplement the St. Louis-Lambert field, and be located in Illinois, in the area of the airport, direction and implementation of long-discussed proposals for a second major airport to serve the metropolitan St. Louis area.

The C. of C. president likewise pointed out that with the use of air-transportation, Lambert field is becoming overcrowded, and the need for a supplementary or auxiliary landing base is growing.

Illinois Area Desirable Agreement seems to have been reached as to the feasibility and desirability of locating the new field on the east side. However, there are many hurdles to be negotiated.

"Among the problems and issues to be met," Lichtenberger enumerated, "are those of financing and the location of the facility."

"Important now is the matter of channeling efforts, either through existing agencies, such as the Bi-State Development Agency, or a new board of coordination which might be formed to handle the problems and advance the proposition."

Lichtenberger said he was not fully advised as to the powers of the Bi-State Development Agency to act as channeling medium, adding that this time the problem must be further probed.

It is expected the local C. of C. representatives will meet with St. Louis, St. Louis and Madison and St. Clair county groups interested in bringing the airport idea to fruition.

If other Chambers of Commerce and organizations follow the practice of the Tri-City group, this high-level body is expected to be able to co-ordinate plans and to give direction to the airport plans for the east side.

Lichtenberger said no discussions were had as to possible likely sites for the new facility.

Such a facility, he went on, might be comparable to the St. Louis-Lambert airport, providing service not only to the St. Louis area but to the Illinois' east side. In fact, he noted, an "east side" facility would be in effect closer to mid-town St. Louis than the present field.

LABOR COUNCIL ASKS SIU Probe of See Transfer

The AFL-CIO Tri-City Trades and Labor Council went on record last night as requesting the Southern Illinois University board of trustees to "make a full investigation into the transfer of Dr. Harold See from the position of vice-president to that of professor of research."

The transfer is one of the topics to be considered during a meeting of the board at 10 a.m. Saturday at Carbondale.

In its action last night, the local council asked that the board "make a public statement of clarification" of the "said situation."

The resolution related that "establishment of an extension of the Tri-City Girl Scout Council in Madison and St. Clair counties has provided the opportunity for all citizens to better their education, and citizen participation has made possible the rapid growth of SIU in this area. The citizens have an investment that should be protected against all risks of damage to its physical plant, faculty or the morale of the faculty or reputation at all times."

Investigation of the change in Dr. See's status also was asked this week by Val Cox, AFL-CIO community services director in the two counties; Herbert Wilhelm, East St. Louis labor council secretary; George Meyers, Alto building trades council secretary; and the business agents of a sheetmetal local and steelworker local in East St. Louis.

A petition from 500 Wilton residence center students, asking Dr. See to reconsider his resignation as SIU vice-president and Southwestern Campus dean, was mailed to him Monday, a student spokesman said.

Intermediate Girl Scout Troop 61 met Monday afternoon at the home of the leader, Mrs. Margaret Lee. The girls made plans for the investiture of new scouts coming into the troop, and worked on Christmas gifts.

Girls present were Mary Ann Scaturro, Kathy Ochoa, Marilyn Genteman, Bernice Koelker, Barbara Mulnick, Sheryl Barker, Mary Alice Mulnick, Diane Mengi, Kathy Daniels, Kathy Pace, Ruth Walek, Mary Frances Lee, Judy Reidelberger, Virginia Pace and the assistant leader, Mrs. Margaret Reidelberger.

Firestone GIFT OFFER

A tree trimmed by Girl Scouts at the Neighborhood One "Festival of Giving" Sunday at the Madison recreation center will be presented to a needy Venice citizen as a flag ceremony.

Ornaments made by the girls during their troop meetings were placed on the large tree as Santa Claus was leading the gathering in singing Christmas carols Sunday.

The 250 girls present represented 18 troops, each of which had filled baskets with groceries to aid local families at Christmas. A flag ceremony by Troop Five was used to open the program, and guests introduced by Mrs. Mary Masterson, neighborhood chairman, were Mrs. Esther Zimmer, president of the Tri-City Girl Scout Council, and Mrs. Dolores Eubank, council treasurer. A treat was given to all as the program ended.

Pfc. Robert Scaturro, son of Mr. and Mrs. Dominick Scaturro of Robin street, is stationed in Korea and would like to hear from his friends. His address is RA 17542187, 30th Ord. Det.,APO 71, c/o P. M., San Francisco, Calif.

SOCIETY

UPW Installs 1961 Staff During Christmas Party

The United Presbyterian Women's Association of First United Presbyterian Church held a pot luck dinner and Christmas party Tuesday evening in conjunction with the regular monthly meeting at the church, 22nd street and Delmar avenue.

The tables at which the meal was served at 6 o'clock held seasonal decorations and 69 members were seated, including two guests, Mrs. Dorothy Buenger of Belleville, formerly of this city, and Mrs. Al Deibel of Staunton, Rev. David Maxton gave the invocation.

After dinner, the group adjourned to the church sanctuary where the program was given. Mrs. Walter Kersch, presiding at the organ, played "Gesu Bambino" by Voni as the prelude and the opening hymn was "Come and Worship."

Prayer was offered by Mrs. Maxton, and Mrs. R. N. Johnson gave the Christmas devotion. A memorial service for deceased members was conducted by Mrs. William Liernman and a recognition service for 11 new members of 1960 was led by Mrs. David H. Thomas, membership chairman.

Mrs. Clifford Nelson sang "There's A Song in the Air" and after recognition of the 1960 officers the new officers were installed in an impressive ceremony conducted by Rev. Maxton. The 1961 staff includes Mrs.

St. John Guild Holds Dinner, Christmas Party

Members of St. John United Church of Christ Evening Guild met at the church on Nankook road for a 6:30 pot luck dinner Monday evening, preceding the monthly meeting and the Christmas party.

Approximately 40 members and guests attended. Hostesses for the event were Mesdames Wilma McQuinn, Doris Olsen, Doris Labory, Alice Pfender, Harriet Burslemeyer, Mae Gottfried and Doris Oliver.

Devotions were given by Mrs. Imogene Buer and Mrs. Shirley Schullinger read the Christmas story from the Bible.

A Christmas presentation was made to the church building fund, and announcement was made of the appointment of Mrs. Joan Schaefer as the new spiritual life chairman.

Mrs. Marie Haecker is program chairman and after the program there was an exchange of gifts among the members and the "sunshine" friends.

The January meeting of the Guild has been dispensed with and the next regular meeting will take place in February.

Among the guests at Monday's meeting were Mrs. Jane Hubert of Texas, a former president of the group, Mrs. Florence Blette, also of Texas, Mrs. Betty Harvey, Mrs. Melba Yehno, Mrs. Evelyn Glozier, Mrs. Fern Sitt, Mrs. Sittie, Mrs. Peggy Sykes, Mrs. Wolford and Mrs. Genevieve McCommis.

Elkettes Hold Annual Party With 90 Present

The annual Christmas party of the Elkettes Tuesday evening was preceded by a cocktail hour.

A turkey dinner was served to 90 members seated at 7 o'clock at tables carrying out the holiday theme. Various types of Christmas trees were used, together with matching candles and holders, and favors were pine cone slices.

Christmas packages which the club members exchanged were piled high around a brightly lighted tree in one corner of the dining room. After dinner and the distribution of gifts there were games. The prizes were the Christmas centerpieces adorning the tables. They were made by Mrs. Euphie Parke.

Winners were Mrs. Ann Gasparovic, Mrs. Helen Freestey, Mrs. Billie Buente, Mrs. Jayne Eli, Mrs. Arbyne Jones, Mrs. Holtzsch, Mrs. Jean Webb, Mrs. Virginia McDowell, Mrs. Helen Todd, Mrs. Sallie Gracey and Mrs. Nellie Jemula. Mrs. Margaret Laverne Dufner, Tarris, Annadel Grant, Edith Ryan, Anna Mae Jenkins and Effie Mae Jones.

Mrs. Rouland Presents Lesson

A lesson on the topic, "Missionaries in the Congo," was given by Mrs. Ethel Rouland at an all day meeting of the Rebekah Circle of Niedringhaus Memorial Methodist Church Wednesday.

The ladies spent the day quilting, and Mrs. Pearl Campbell, leader, conducted the business session. Devotions were led by Mrs. Esther Langolf and a noon luncheon was served to 14 members of the circle and two guests, Mrs. Clara Dawdy and Mrs. Van Best.

Etude Music Club Meets Tuesday For Christmas Party

The Christmas program and party of the Etude Music Club took place Tuesday afternoon in the home of Mrs. Donald Spalding, 2415 Poston road.

The meeting was presided over by the group. The president, Mrs. Edith Schell, presided. Mrs. Edith Schell, presiding at the piano, was assisted by Mrs. George Starnes, hostess, to 30 members. The next meeting will take place on Jan. 4.

The members sang the hymn "Joy To The World," accompanied by Mrs. Russell West, and the narration by Mrs. Schell followed. Her topic was "Carols, Then and Now."

Mrs. Harold Dorries and John Tate played two piano duets, "Polonaise" by Engelmann, and "O Holy Night" and "Adeste Fideles" arranged by Garland. Mrs. George Filloff played the violin selections "Mazurka" by Kysarski and Gounod's "Ave Maria," and the closing selections were piano numbers by Mrs. J. C. Byers, "Dancing Doll" by Poldine, and "White Christmas" by Irving Berlin.

The entire group joined in the singing of old, familiar carols by Mrs. West with Mrs. Kersch at the piano, and there was the usual gift exchange.

Ten members were present at the meeting. The next will be held Jan. 3 in the home of Mrs. G. E. Halama on Cleveland blvd.

Mrs. Spalding served a desert luncheon before the program. The rooms of the home were decorated in keeping with the Yuletide season.

Sarah Jane McEvers Tont 90 of the Daughters of Union Vets, meeting Wednesday evening at the American Legion Home with Mrs. Gustie Chatham presiding, decided to present a flag to a newly-formed Girl Scout troop at the Niedringhaus school.

Mrs. Sylvia Turner, patriotic instructor, will make the presentation. She was appointed to a Civil War Centennial committee.

Election of officers was held, with Mrs. Gustie Chatham chosen as president. Mrs. Minnie Rowley was elected vice-president. Mrs. Opal Loezer Junior vice-president. Zoe Cook treasurer, and Mrs. L. N. Neff chaplain. Those appointed as council members were Mrs. Cheatham, Charlotte Robbers and Grace Walk. Patriotic instructor will be Sylvia Turner.

Refreshments were served and games were played, with prizes awarded. Mrs. Pendleton led the games and also gave readings, including "I Am Your Flag."

Plans were made for a gift exchange on the night before Christmas. The retiring president, Mrs. Cheatham, who is leaving the group for Colorado, presented her officers with gifts, and a farewell gift from the tent.

Garden Club Yule Party

Mrs. George Filloff, 2620 Edison avenue, entertained the Garden Study Club at a Christmas party and luncheon Wednesday.

The rooms of the home were decorated with evergreens and there was a gleaming tree befitting the exchange of gifts.

The program for the afternoon consisted of Van Dyke's story of "The Other Wise Man," given by Mrs. H. E. Lynch, and several musical selections. Mrs. Harold Dorries sang "A Christmas Song" by Amy Wright, and "Greenlee" by A. Small; and Mrs. Filloff played two violin numbers, "Mazurka" and Gounod's "Ave Maria," accompanied by Mrs. Dorries.

Twenty-two attended the party, including two associate members, Mrs. Bernard Miller and Mrs. George Stearns, and Mrs. Dorries. Mrs. George Filloff presided, and Mrs. Lorraine Filloff assisted.

Mrs. Dan Seymour, 5220 Lake street, will be hostess at the next meeting.

REBEKAH LODGE WILL HOLD PARTY, ELECTION. Ann Rutledge Rebekah Lodge 47 will hold an election and Christmas party Monday evening at 8 o'clock at the IOOF hall on Nankook road.

Mrs. Daisy Ross, noble grand, will preside over the business meeting and an exchange of expensive gifts will be held among the members.

GIRL SCOUT TROOP HOLDS MEETING. Girl Scout Troop 60 met Wednesday afternoon at the home of Mrs. Bertina Elledge on Cleveland blvd. Mrs. L. Stocklin assisted.

The girls made Christmas cards to use on gifts for their parents and gifts for their mothers.

PARENTS AND FRIENDS CLUB MEETS

A regular meeting of the Parents and Friends Club of St. Joseph's Parochial school was held last night with Mrs. Allen Smith, president, in charge.

During the business hour plans were made for the Christmas festival to be held Dec. 9th to Dec. 11, and for the children's Christmas party.

Refreshments were served by Mrs. Betty Baruncia, hostess, to 30 members. The next meeting will take place on Jan. 4.

planned a chili supper for Jan. 23 at the Y.M.C.A.

The educational program, a talk on the work of the organization for retarded children, was given by Mrs. Joseph DeBart, a guest.

After the meeting Christmas gifts for needy families were wrapped and refreshments were served by Ann Carnahan and Kille Clements to 20 members and the guest.

Think before you speak, and you will have plenty of time to listen.

Another Two-Way Request Brings Out Criticism

A decision on opening the rest of State street—between 21st and 24th streets—to two-way traffic may be made at the next session of the city council.

During Monday night's meeting, Alderman Samuel Whitmer said merchants and a number of residents in the three blocks want two-way traffic. "The opinions are divided, but a slim majority wants two-way traffic," Whitmer said.

Whitmer called for an amendment to the city's one-way street ordinance to be prepared for the next meeting. "We should have more information by then," he added.

Downtown Problems
Other aldermen took advantage of the topic and began to criticize the reverting of 19th street and State street to two-way traffic in the downtown district. However, no action was taken.

Alderman Essil Von Schmitt said he has heard much criticism. "People are disgusted by the traffic tieups. They're constantly riding me, and several have told me they never go downtown on the weekends when they can go other places and not get into traffic jams," Schmitt said.

Schmitt said delivery trucks cause major tieups. Alderman Charles Meyer added that the downtown district has developed into "one complete block."

A meeting of the Presbyterian Missionary Society was held this afternoon in the home of Mrs. T. C. Simmons in Mitchell. Mrs. Roly Sullivan was the assistant hostess.

At a meeting of the Eagles Lodge last night, it was decided to launch another drive for a class of new members to be taken into the lodge next February. The drive which recently closed netted 31 new members and those at the meeting last night pledged themselves to have a larger class ready for the next initiation. It was also decided to give a card party at the home Dec. 13.

The Rotary Club Tuesday was joined by the Real Estate Exchange at lunch, each organization holding separate meetings after the meal that was served at the YMCA. There were a number of Rotary visitors, among them being Thomas Williamson of Edwardsville, former Rotary governor of this district. The speaker of the day was president Gus Hoelscher of the high school board. He gave facts and figures about percentage of tax collections. The high school now has the largest enrollment in its history. Paul Grigsby, the superintendent, is putting in excellent service and the board is cooperating and working earnestly.

Wendell (Weenie) Wilson, assistant varsity football coach at the University of Illinois, will speak in the city Monday night, Dec. 9, at 6:30 o'clock at a dinner given by the Grange, the Rotary Club for first string players on the Community high school grid team. It will be held in the YMCA.

Rev. R. D. Brown, who recently accepted the pastorate of the LeRoy, Ill., Christian Church, will preach his farewell sermon to the congregation of the Central Christian Church here at the regular worship service Sunday morning, Rev. and Mrs. Brown will leave for LeRoy on Wednesday.

Sedlack Coroner Deputy: Officials Begin New Terms

John Sedlack was added as a deputy coroner and other Quad-City appointees were retained as Madison county officials began their new four-year terms of office Monday.

Local appointees of Dr. Billings are Sedlack and the three holdover deputies, Henry J. Pieper of the Pieper Funeral Home in Granite City and Frances J. Lahey and Mrs. Lucy M. Lucido of the Lahey Funeral Home in Madison. Sedlack is public coroner in Granite City and Madison.

Eleven other deputies were named by Dr. W. W. Billings, coroner, who designated his wife, Mrs. Verna Billings, as chief deputy coroner.

Those taking office Monday besides Dr. Billings were William "Butch" Portell of Granite City as circuit clerk, State's Attorney Dick H. Mudge Jr. of Edwardsville, County Auditor John L. Kraynak of Granite City and Recorder of Deeds James F. Chapman of Collinsville.

Portell is serving as circuit clerk for the first time, and the other four were re-elected last month to the offices that they held. All are Democrats.

Take Oath of Office
Oaths of office were administered by Miss Eulalia Hotz

county clerk, in public ceremonies Monday afternoon. A reception in the circuit clerk's office followed. Portell also was sworn in Monday morning by Circuit Judge James O. Monroe Jr. prior to opening of the court selection of jurors.

Eugene Berghoff of Wood River, who had been serving as acting circuit clerk since the death of Simon Kellermann Jr., was sworn in as a deputy clerk Monday. A veteran of the circuit clerk's office, Kellermann departed Portell in the April primary election but passed away a short time later, with Portell being chosen by Democratic precinct committeemen of the county to replace him for the November balloting.

A chief deputy circuit clerk is expected to be appointed within a few weeks, and it was indicated that Berghoff is considering a state appointive position. He was chief deputy under Kellermann.

Mudge reappointed the four assistant state attorneys—Burton C. Bernard and John Gatchell of Granite City, Joseph Bartholomew of Collinsville and Merle Basset of Wood River.

Dick Allen of Granite City was retained as special investigator, Mrs. Marcella Erickson of Edwardsville as secretary and Mrs. Lucille Walter of Edwardsville as stenographer in the state's attorney's office.

Auditor Kraynak said his chief deputy will continue to be Kenneth E. Hinson of Madison.

ANN JUDSON CIRCLE

MEETS TUESDAY

The Ann Judson Missionary Circle of Third Baptist Church met Tuesday evening in the home of Mrs. Allie Smith, 2631 Iowa street.

The program for the evening was on "Prayer," and the members taking part were Mesdames Helen Carrington, Minnie Craig, Pauline Weir, Bonnie Pratt, Alberta Miller, Nancy Turner, Hazel Atchison and Pauline Bray.

Mrs. Atchison presided over the business session and the program was in charge of Mrs. Brayfield. Refreshments were served after the meeting.

GCB CLUB MEETS FOR YULE LUNCHEON

The G. C. B. Club was entertained at a Christmas luncheon party Wednesday afternoon at the home of Mrs. John Harbig, 2200 St. Clair avenue.

Decorations and appointments of the luncheon table were in keeping with Christmas and there were Santa Claus favors at each place. All of the members attended, and prizes at the games were won by Mrs. Ethel Seymour, Mrs. A. F. Buente sr., Mrs. Grover Dawson and Mrs. Lottie Scherrer.

The club will meet again in three weeks with Mrs. Scherrer. Set a goal in this life—don't try to get more out of life than you are putting into it.

MAGPIES CLUB HOLDS CHRISTMAS DINNER PARTY

A Christmas dinner party for the Magpies Club was held last night at Cline's Restaurant.

The birthdays of Mrs. Elva Lallemant and Mrs. Almeta Haynes were celebrated and gifts were exchanged. There was also a gift for the club president, Mrs. Letta Haynes, from the group. Nine were present.

VISITING GRANDPARENTS

Gail Schillinger of Eldorado, Ark., is here to spend the month with her grandparents, Mr. and Mrs. J. Wallace Wyman, 2667 Grand avenue. She will be joined by her parents, Mr. and Mrs. Dale Schillinger, for the Christmas holidays.

Venice Board Adopts Rules On Use of Park

The Venice park board last night adopted a new set of rules and regulations governing conduct of the public while using the park.

No previous rules had been in force specifically for the park, with the exception of state regulations and unofficial procedures. In other action the board voted to install 24 permanent park benches and decided to provide two new screened-in shelters for use by organizations and individuals.

The board also approved a request by the new 10-team Ban Johnson League to play baseball on Sundays, beginning next spring.

Twilight Opt-Mrs. HOLD YULE PARTY

The Twilight Opt-Mrs. Club Christmas party was held Thursday evening at Kemolls in St. Louis.

Decorations and favors all carried out the holiday theme and after dinner gifts were presented and there were games. The high score being held by Mrs. Judy Bumpkins for the party.

MRS. WALLACE IS HOSTESS FOR CLUB

Mrs. J. Wallace Wyman, 2667 Grand avenue, gave a Christmas party Wednesday afternoon for her canasta club. Luncheon was served at one of her homes.

Costumes At B&PW Party

The Quad-City Business and Professional Women's Club held the annual Christmas party last night at the Rose Bowl.

Dinner was served at 6:30 at tables adorned with Christmas decorations and places were set for 30 members and guests.

The "International Relations Committee dressed in costumes of other lands, was in charge. The members are Ann Freeling, Ann Aquaviva, Frances Lynch, Edna Kohlbrecher, Ruth Canner and Vernice Wortman.

After dinner, games were played and a number of prizes were awarded. There was also an exchange of gifts among the group and toys were brought for distribution by the Salvation Army.

8 Injuries In 3 Accidents

Three persons, a mother and two small daughters, were injured about 5 p.m. Monday when their car crashed into a tree in the 2400 block of Madison avenue.

Mrs. Louise Williams, 21, of 2434 Pine street, driver of the car, told police one of her daughters started to fall, and she tried to catch her, the car went out of control, jumped the curb and hit a tree. The car was traveling south.

An ambulance took the mother and her daughters, Mona, 2, and Melody, one-year-old, to St. Elizabeth Hospital to be treated for cuts and bruises. Mona was admitted to the local hospital, while Melody was transferred to Cardinal Glennon Hospital, St. Louis, for further treatment. The mother was treated for a bruise to her right leg and shoulder and released.

2 Hurt In Crash

Two persons were injured about 9:30 p.m. Tuesday in a traffic accident on Edwardsville road at 20th street. Lela Hester, 32, of 2817 Herbert street, who was driving one of the cars and was injured, pleaded not guilty yesterday to charges of reckless driving, no driver's license and no city license. She was freed on \$500 property bond for a hearing Dec. 21.

Police said she was driving north and crashed into the rear of the northbound auto of Delmar A. Ruehrup, 35, of Bethalto, who was stopped while waiting to make a left turn.

Also injured was Floyd Revelle, 33, of 2057 Fourteenth street, who was a passenger in the Hester auto. The injured were treated at St. Elizabeth Hospital.

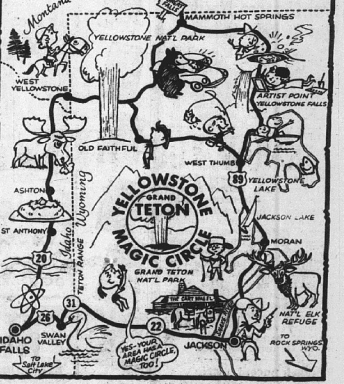

3 Hurt On Highway

Three persons, including two Granite Cityans, were injured in a two-car collision yesterday afternoon on U. S. By-pass 66-40 a quarter mile east of the Chain of Rocks canal bridge.

State troopers said the injuries were minor. Hurt were Charles Fidler, 25, of Patton, Mo., driver of one car, and two passengers, Robert Elzylock, 29, of Rural Route One, Granite City, and Joseph Moutria, 29, of 2208 Terminal avenue.

The driver of the other car, Ray Zeisel, 42, of Collinsville, escaped injury. Police said both cars were traveling east and Fidler was attempting a left turn when the rear of his car was struck.

By Edward Collier
Nature's three-ring circus highlights a Magic Circle auto trip that encompasses Wyoming's two awesome national parks — Yellowstone and Grand Teton.

Picturessque Jackson remains western with false front stores and log structures, and horses share curb space with late model cars. Nearby National Elk Refuge has a 15,000 herd. The red wall of the mighty Tetons barriers the blue horizon for 40 miles.

Beyond photographic Jenny and Jackson Lakes is Yellowstone's oldest national park. Here, amid forests and lakes is a fantasy land of 3,000 geysers, vari-colored hot pools and junior-sized mud volcanoes. Still tops is Old Faithful Geyser, spouting a 150-foot plume of boiling water skyward every 65 minutes. Thundering Lower Yellowstone Falls are twice as high as Niagara. And, away from the pandemonium, the route from Yellowstone crosses the Continental Divide into Idaho's dude ranch country. Moose, big game and giant Idaho russet potatoes abound around Ashton: near St. Anthony are mysterious and dunes; and progressive Idaho Falls is a headquarters of the U.S. Atomic Energy Commission.

GC Street Workers To Inspect Jobs By Contractors

A swaback curb and roller coaster sidewalk were brought to the attention of the Granite City council Monday night by Alderman Donald Partney, who called for systematic schedule of inspections by the city whenever a private contractor is doing work for the city.

"That sidewalk along East 23rd street to the new school is causing a lot of comment and making the city a laughing stock," Partney said.

While the uneven curb, located on West 23rd street off Missouri avenue, is being replaced, Partney said he was unable to pinpoint the responsibility of inspection. Al Pearce, representing City Engineer David Johnston, said his staff was too busy with other city projects to undertake inspection of new construction. The engineer's office was criticized severely later in the meeting by Alderman Paul Rutledge, who said that in addition to his \$5000 annual retainer fee, City Engineer Johnston receives extra fees for each motor fuel tax project carried out in the city. Mayor Davis charged Rutledge's remarks were "political."

With the refusal of the engineering office to take on the inspections, a suggestion was made that qualified city street department workers could be assigned inspection jobs.

May Hire More Workers

Another suggestion was for more street workers to be hired and for the city to take over curb and sidewalk construction. The motion for the street department to take over inspection duties was approved, but no action was taken on expanding the department.

There also was recommendation for the city building inspector to be placed on regular salary (the new law requires 10% building permit fees) and aid with the city construction inspections. However, it was decided to take no action until next year's budget is presented.

A contract was entered with the state highway department with adopting of a resolution to permit a 10-inch sanitary sewer line to be installed under U. Highway 67a at the new R. C. Cola plant. The plant is to be connected onto the city sewer line which also serves the A. O. Smith Corp. plant. The new R. C. Cola plant site is in the process of being annexed to the city.

Crossing Repairs Sought

In other action Monday night, the council instructed City Atty. William Beatty to write the Illinois Commerce Commission seeking its assistance in securing repairs at railroad crossings in the city; authorized resolutions to be sent to the state highway department giving permission to Walter Johnson to install two driveways for a new drive-in restaurant at 2642 Madison avenue; instructed that copies of the contract with R. Dron Electrical Co. for installation of electric traffic signals for Emerson school at 20th and Benton streets be forwarded to the state.

Authorized payment of \$90 (50% of the claim) to Gray Tatum for damages to his auto caused about six months ago in an accident on the MacCambridge avenue viaduct involving a city truck; ordered East St. Louis & Interurban Water Co. to install a fire hydrant at West 22nd street and Nevada avenue; and adopted a resolution calling for Illinois Power Co. to relocate a middle-of-the-block street light from in front of 2624 Pershing avenue to 2820 Pershing avenue.

Tri-City Port

(Continued from Page 1)

America, Europe via the St. Lawrence Seaway and the Far East via Panama Canal.

The commissioners enthusiastically predict that the port development, together with the availability of suitable industrial sites and facilities, will encourage industrial re-location to this area and bring about expansion of industries already here. This growth should bolster the Quad-Cities in such fields as home and commercial construction and expansion of local retail and service businesses.

"We've enjoyed a tremendous growth during and since world war II, and the port development could continue the increase at an even faster pace," Hant said.

Leasing 200 Acres

Final arrangements are being made for the lease of 200 acres of federal-owned land at the north end of the harbor on the right side of the levee. An economic survey and feasibility report by the Chicago engineering firm of H. W. Lochner & Co. is to be completed by the first of the year, and the Port Authority has engaged the firm of Glor-Forgan & Co., Chicago, as financial consultant, along with Randall Robertson, local attorney, as legal consultant, and the Chicago law firm of Chapman-Cutler Co. as legal advisors.

The Lochner firm, in a preliminary report, has indicated the potentials of the marine port facility based on rail, truck and water-borne commerce now handled in the greater metropolitan area and what could be developed in the future if the cost of handling cargo was reduced.

Encourage Industrial Growth. Primarily, the purpose of the port is to encourage the growth of firms now located in the local area and to make an attractive industrial atmosphere designed for development of over 14,000 acres of industrial sites immediately adjacent to the port, Barron said.

Barron, a retired Coast Guard commander, explained that the entire industrial complex could be served through the installation of new, high speed cargo handling facilities at very low cost. It is possible construction might start in February or March.

Hours Out To Minutes. As an example he cited the necessity of unloading four Mississippi River barges and reloading the cargo into three barges for rail-foot, channel draft. The process now takes 10 to 14 hours. With the latest development of a conveyor type, designed for the Tri-City Port Authority, this could be accomplished in 50 minutes.

The local port manager, himself, had a major role in designing the unloading and reloading equipment through modification of machinery now in operation at other ports.

Equipment would include floating cranes and a system of rapid handling of bulk materials off and on barges. The port area would be interlaced with conveyor belts from the wharf to storage areas to handle grain, oil, quick and packaged materials.

"Industries like to be near the area of demand as well as the source of raw materials, which is fine for us since the center of national population has shifted to this area," Barron pointed out.

"Through fast and cheaper handling, the port can become the source of supply for the needed raw materials. And being near the geographical and population center of the country, this port would serve a large area of consumers, not only in the immediate vicinity, but far-flung sections of the country."

The local port would connect with all major terminals served by 13,000 miles of inland rivers and with all major rail and truck carriers of the Midwest as well as foreign carriers via Port Chicago and the St. Lawrence Seaway and Port New Orleans.

Emphasis is being placed on high-speed handling of raw bulk cargos rather than manufactured and finished products. These bulk commodities, such as grain, coal, petroleum products, agricultural fertilizer and cement, would originate at points great distances from the port and, for the most part, would be consumed in inland states considerable distance away from the Quad-Cities.

Through less expensive and faster handling of materials, it is expected that more and more cargo will be diverted and handled in the port area.

Revenue Bond Financing. Financed by revenue bonds, no public funds would be spent for the port development. Initial phases of cargo handling equipment could be in operation by next July, with the full-scale operation slated for the period 1963-65, according to Hant. The revenue bonds would be supported by long-term leases.

Barron said it would be at least 10 years before the cargo-handling facilities reached their saturation point, but long-range planning includes future expansion.

Million Dollar Shopping Center

area, to be located on a 32-to-35-acre tract, could be expanded to provide an additional 100,000 square feet of store space.

He said parking areas will surround the shopping center and that future plans call for air conditioning the mall. The stores will be air-conditioned.

Nearly 100,000 square feet of the new center is in the process of being leased. Henderson said, including 40,000 square feet for another J. J. Newberry store with a cafeteria, 20,000 for another Glick Department store, 12,000 for a Rosell Drug store, 5,000 for a Kinney Shoe store and 3,000 for a Tully's shoe store.

The new center will be connected onto the Kroger store, with a new entrance to be built for the market and connecting

stores to include a candy shop and bakery. Henderson added that he is in the process of negotiating leases and has been working on the project for nearly three years.

"We have 1,288,000 square feet of space and most of it is to be utilized," Henderson said, adding that roadway entrances would be from Nameoki road and the proposed new roadway.

Atty. Schuman told the council the proposed new roadway would be about 300 feet long with a width of 40 feet, the same as Fehling road. He said the ultimate plan also calls for construction of two 22-unit apartment houses along the roadway in the vicinity of the proposed motel which would be operated by Holiday Inn services.

Right-of-way for the proposed road would be donated to the city, but should the city decide to extend it along the railroad tracks, the purchase of that right-of-way would be necessary.

The attorney said construction of the center cannot proceed until the new roadway is assured, and he suggested the city might find other means of financing its construction. He told council members the de-

velopment would provide additional tax revenue to the city in real estate and sales taxes.

Points To Other Projects. Alderman Charles Meyer said there were many other improvements needed in the city which could be financed with motor fuel tax funds, and that a 100-foot sidewalk is needed along Benton street for school children.

Commitment of MFT funds was questioned by Alderman Donald Partney, who said the council passed that same night two MFT resolutions for spending \$80,000 and had a number of other projects pending.

Comptroller John Doehrer was asked to determine how much of the city's \$340,000 MFT reserve has been earmarked for projects.

The resolution asking the new roadway to be declared an arterial thoroughfare was placed on first reading and will be considered again at the next session on Dec. 15.

CD Deserves Greater Support, Friedman Says

Civil defense is a serious, almost "morbid" subject but deserves more widespread public participation due to greatly increased nuclear destructive power and more nations having nuclear bombs, Madison Rotarians were told yesterday by E. A. Friedman, Madison natural disaster chairman.

Speaking on National Civil Defense Day, Friedman said weapons are 1000 times more powerful than at the close of world war II and that the only defense, literally, is to "crawl into the ground and wait until it is safe to come out."

He described minimum preparations necessary for a two-week period of stressing first-aid and other defense techniques for which CD pamphlets are available.

Friedman said there is no question of people's willingness to help in the event of a disaster but that too many do not know what to do. He was introduced by William Winter, president.

The club voted to contribute \$25 toward the Salvation Army "Tree of Lights" drive.

Search To Be Started In GC For New Fire House Sites

The old 19th street fire house will continue to stand—at least for a while.

It currently is being used to house the city civil defense equipment which previously had been stored in barns near Chouteau Slough.

The decision to keep the old station was made during Monday night's council session, when Alderman Walter Nann proposed the building be sold and the funds used to buy sites in West Granite and the Nameoki area for construction of new fire stations.

Instead, the city is to begin a survey to determine the best fire station locations in the areas, aided by the Board of Fire Underwriters, and then determine the steps to be taken for acquisition of the property and construction.

Mayor Davis suggested the council earmark its half-cent sales tax for construction of

two \$40,000 stations as it dig for the building of the \$338,000 main station. He pointed out the civil defense group was maintaining the old fire house "and there is no hurry. I'm neither pro or con, but I don't think this should be a snap judgment."

Several aldermen pointed out that, the longer the wait, the more difficult it would be to find suitable sites. Nann suggested the city buy two lots at West 20th street and Bryan avenue for the proposed new West Granite station; while Assistant Fire Chief Curtis Donley said he had toured the Nameoki area with a representative of the underwriters board and they had suggested a location at Johnson road and Edgewood avenue to serve all of the Nameoki area.

Alderman Estill Van Schmitt, chairman of the Fire and Water committee, said a suggestion had been made by realty sales tax for construction of

triers that the old fire house

be converted to a public building to provide downtown restaurant facilities. "At the present time, the committee has no recommendation."

When Jim Lee Howell retires as coach of the New York Football Giants after this season he will work in the office as director of personnel.

Warriors Grapple With Roxana In Opener

9 Lettermen Bolster GCHS Chances For Good Season

The Granite City high school wrestling team, riding the crest of a 16-match winning streak, will open the 1960-61 season at 7:30 tonight at Roxana in a non-conference meet.

The Warriors of Bill "Red" Schmitt went undefeated last season after dropping the opening meet to Waukegan.

Schmitt is hopeful his team will have no difficulty in trimming the Roxana squad.

They have a chance to win three bouts, but in confidence we can take the other nine," Schmitt said.

The Roxana team is strong in the 127-pound bracket, in which Bob Han wrestling the 165-pound class, where Bob Ray is a stalwart; and the heavyweight class, in which Erman Pope is favored.

Nine Lettermen Back

The Warriors, long a wrestling powerhouse in Illinois, have nine returning lettermen from the 1959-60 squad.

Schmitt's boys will be strong in seven departments, with Co-Captains Bill Ridings, heavy weight, and Ernie Taylor, 112-pounder, heading the list.

Ridings posted 27 wins last season against three losses, while Taylor took 25 of 29 bouts.

Returning lettermen are Roger Bloodworth, a 120-pounder; Buddy Fehlin, junior 127-pounder; Dan Bravley, senior, 133 pounds; Don Davis, senior, 145 pounds; and Eldon Poole, junior, who weighs 145.

Jerry Wallace, last year's 154-pound district champ, is sidelined because of injury.

Bravley was expected to be out for the season because of illness, but will be ready in tonight's meet. Bravley and Davis will be lost to the Warriors in January, because of graduation.

Probable Starters

Probable starters and weight classes in tonight's matches are: Tom Tindall, junior (185); Charles McMillan, sophomore (110); Taylor, senior (112); Bloodworth, junior (120); Fehlin, junior (127); Bravley or Quentin Hoover, junior (133); Davis or Fazio (145); Poole or Bob Cruse, junior (145); Charles Haug, junior (154); Bob Kary, junior (165); 180-pound class, undecided; and a heavyweight, Ridings.

Don Tindall, a junior, was slated to wrestle in the 180-pound class but is over that weight.

Challenge elimination matches are in progress to determine the starters.

The Warriors will wrestle at Belleville Tuesday and at Edwardsville next Thursday.

Their first home meet will be against Wood River next Friday.

Venice Grade Team Drops Conference

Tilt To Jerseyville

Jerseyville handed Roger Davis' Venice grade team a third straight conference defeat, 44-30 on the Venice court Monday.

Pat Austin paced the Venice 'five' totalling in 12 counters. Rich Ertmer had six points.

The "B" squad also dropped its contest, 30-24.

Venice is an entry in the new-ly-formed Tri-County Conference, which includes Jerseyville, Belleville, Wood River, Hartford and Southwestern.

Venice now has an overall season record of two wins and four losses.

The next home game will be against Wood River Friday at 6:45 p.m.

First Assembly, Sacred Heart Stay Undefeated In Church Cage League

First Assembly of God and Sacred Heart, which look to be the class of the league in early running, moved easily to their second victories Monday night in the Granite City park district Church Basketball league at the Coolidge junior high school gymnasium.

First Assembly raced to a 24-7 first-quarter lead over Sacred Heart, and went on to a 74-19 final margin of victory, with four players hitting in double figures for the winners.

Sacred Heart followed the pattern in the night's first game, opening a 24-6 first-quarter advantage against Trinity Tabernacle. The Hearts came out on top, 87-58, with Trinity closing the gap slightly in the

Ranft Urges Area-Wide Cooperation

No Obstacles in Way Of Local Port

Carl A. Ranft, chairman of the Port Authority board, issued the following statement today to the Press-Record in regard to the progress of the Port. Ranft is president of the Ranft Bottling Co.

"In releasing this news on the progress of the Port for the people of the Tri-City Area, it should be borne in mind that a number of the potential facilities for this Port were assembled over the past several months. In working with the possibilities of this Port, the Port Authority board has been amazed at the impact that such a Port would have, not only on the greater Illinois Metropolitan Area, but as far east as Indiana State borders as a result of the shipping potential, cargo handling facilities and savings that can be effected by the completion of the Tri-City Port.

"Many of the facilities contemplated are now in the final design stage and the Port has every reason to believe that there will be no major obstacles to its construction.

Much Competition

"In working with potential facility users of the Port and industrial prospects of the Granite City area, it is quite obvious that we are competing against locations throughout the country who are offering all manner of major concessions to attract new industry.

"It is further apparent that, if the Tri-City Port is to become a reality, it is going to require the complete cooperation of all local resources, such as labor and financial sources, and holders of real estate working in close harmony to overcome these incentives offered by other areas. This project will not be a man of his caliber. We have built overnight, but I feel that had many set-backs, as well as in the United States."

CARL A. RANFT
Chairman
Tri-City Port Authority

"I have lived in the Tri-City Area all of my life. We, like many other growing cities, have many problems. We have had to obtain the services of a national recognition, both good and bad. Much of the bad we did not desire, but in the past year, we are beginning to get for a second look nationally by many large industries. I am sure that this time we are going to be able to take advantage of these opportunities.

"We, in this area, and the Port Authority board are very fortunate that we have been able to obtain the services of a man like John Barron. He has organized and coordinated the future economic growth of the Tri-City Area, to assist us in developing a Port Facility which will be one of the most effective in the United States."

Port Authority Comes of Age

Histories of port authorities throughout the country show an average of five to 10 years for preliminary work leading to the start of such an agency.

Not so for the Tri-City Regional Port Authority.

Its history is short and swift, matching the progress made in the little more-than-a-century officially has been in existence. About three years ago, the Tri-City Chamber of Commerce board of directors started the Tri-City Port Authority Committee to study two existing port authority plans permissible under Illinois law.

Active Committee

Serving on the C. of C. committee of six were three men who have become Port Authority commissioners—Carl A. Ranft, Harold R. Fischer and Henry D. Karandjeff. The others were Ernest E. Veith Jr., C. E. Townsend and Atty Randall Robert. They played an important role in preparing the bill to create the authority.

The bill was introduced by district legislators—State Sen. James O. Monroe of Colton, and State Rep. Lloyd Harris of Granite City, Paul Simon of Troy and Ralph T. Smith of Alton, a former Granite City man.

Frequent meetings were held with the legislators both here and in Springfield to prepare the act and there were conferences with the Legislative Reference Bureau in Springfield.

Bill Introduced, Approved

In the period of three months, the bill was introduced, passed by the House and Senate, and signed by the Governor.

Harris Praises Authority's Work

State Rep. Lloyd Harris (D), Granite City, who introduced the Port Authority bill to the state legislature, is a frequent visitor at the district office.

He sent the following letter to Port Authority Chairman Ranft:

Dear Mr. Ranft:

With the public announcement of the Port District development plans for this Area, I wish to express these comments to your Port Board:

It is almost impossible to visualize the industrial and trade possibilities that are sure to result from the establishment of the Local Port District. I, personally, wish to congratulate the Members of the Board and the Staff for their efforts in effecting the great job which has already been accomplished. By thanks to Governor Stratton for his sincere co-operation for the necessary legislation that had to be enacted into law. This will be the means of bringing into the Community many diversified industries which will be of vast importance to the economic situation which may result in the near future.

Future growth of the Tri-City Area is becoming aware of this area and its advantages. Widespread growth of the area is virtually assured.

Tri-City Regional Port Authority bill was presented to the legislature, introduced by Rep. Harris, and approved by a large majority.

Gov. William G. Stratton named four of the seven commissioners, with each local mayor delegated authority to name a member.

The governor selected Harold R. Fischer, Joseph Grant, Henry D. Karandjeff and Carl A. Ranft. The mayors named the other three—William Beatty, William L. Beatty, and Harry E. Hartman.

In addition to adopting the legislation to create the authority, the legislature also approved \$200,000 for the authority to begin its work. First of all, John L. Barron, retired Coast Guard commodore, was employed as port manager. He and a secretary, Mrs. Betty Phillips, are the only paid employees.

An office was established in the Lohmann building, 1417 North First street, and is being moved this week to the State Loan & Savings Association building, Niedringhaus and Edison avenues.

Area In District

The Port Authority Act for the Tri-City Regional District outlines the Authority's area to include all of Granite City, Venice and Nameok townsships and the portion of Chouteau which lies south of the Chouteau division canal, including Chouteau and Gabaret Islands.

Lloyd Harris

It has been said that what a man does for himself stops with his passing, but what he does for his community lives on forever. I am grateful for the opportunity given me to have played a humble part in this worthwhile project.

Sincerely,
Lloyd Harris
Chairman of Appropriations Committee

Industries Giving Area Second Look

The rapid progress our engineers and us have made in our short existence.

Legislators Aid

"The Port Authority has had help from many persons and many organizations for which we are all very grateful. One of the most important relations the Port has had to develop has been with the state legislature and the administrative offices of the State of Illinois. Fortunately, that relationship has been developed and we do not hesitate to say that the persons most responsible for that are our representatives in the state legislature.

"The idea of the development of a Port Authority was conceived by the Tri-City Chamber of Commerce, which organization enlisted the aid of our representatives to have Illinois Legislature. From this beginning, Representative Lloyd Harris took extremely active on behalf of the Port, introduced the necessary bills in the Illinois Legislature and guided them through to final passage. It was also Representative Harris who presented our cause effectively to Governor Stratton, resulting in the governor making Senate Fund available to the Port Authority to operate at until it becomes its own revenue producer.

"It would appear that the Port Authority would be a good time to those who have assisted the Port Authority to urge all other citizens and organizations concerned with the future economic growth of the Tri-City Area, to assist us in developing a Port Facility which will be one of the most effective in the United States."

Inexpensive Construction

The design for the Chain of Rocks canal marine port follows the more efficient ports on the Ohio River rather than the Mississippi River, according to Port Manager, John L. Barron, who has been in charge of the study of inland ports, the same equipment is simultaneously loading outboard grain at the rate of 45,000 bushels every one hour and 30 minutes.

"A study of existing port docks and terminal facilities of the Ohio River area presented a most satisfactory price structure, this being the most economical operation. The designed facility for the Tri-City Port is approximately 40% of the total cost of certain modern terminal facilities along this section of the Mississippi River. The resultant savings felt to be the incentive for new industry to locate in the Quad-Cities area.

Word For Referendum

The Act states—"If the board desires to issue general obligation bonds it shall adopt an ordinance specifying the amount of bonds to be issued, the purpose for which they will be issued, the maximum rate of interest, and the date of maturity, which shall not be more than 20 years after the date of issuance, and levying a tax that will be required to amortize such bonds. This ordinance shall be submitted to referendum, if approved by the local voters of the district."

A referendum also is required if the Authority should decide to levy a tax for corporate purposes. The rate may not exceed 1% of the full fair value of the land of all taxable property within the area adjacent to the Port in order to benefit from these improvements.

2,000,000 Tons Annually

"In the designed Granite City 120 gondola cars of bulk material every eight hours. The Port is presently negotiating with major firms for facilities for handling over 2,000,000 tons annually on one shift per day basis. This capacity, exceeds any installation in the Port area.

"This capacity further provides for a reduction in cargo of empty and full barges, transferring and switching from the performance of their duties. A 11 tract cargo moving through other to the Midwest to the Quad-City area.

OFFICE PERSONNEL for the Tri-City Regional Port Authority—John L. Barron (standing), port manager, and the office secretary, Mrs. Betty Phillips. The office is moving this week from the Lohmann building to the second floor of the State Loan & Savings Association building, Niedringhaus and Edison avenues.

Added Rail Shipments

These major facilities are expected to produce over 600 rail cars per year that are not presently originating, moving through or being received in the Illinois Metropolitan Area.

"The preliminary plan and layout for this Port have been prepared by the general manager under the direction of the Port Board and have been endorsed and developed by practically every major rail company east of the Mississippi River, major truck lines and water carriers.

"The heavy degree of interest in this transportation systems and a major port capable of operating to suit the needs of the public in this area.

"In pursuit of new cargo handling methods and procedures, the Port has created interest with a number of variety of manufacturers who are studying the Port's ability to serve to an advantage and aid industry.

Cooperating with the Port

have been the responsible city officials of Madison, Venice and Granite City, as well as the major political leaders in Madison and surrounding counties and top state officials.

It should be emphasized that this entire Port complex is being built through the use of funds provided from private capital and not public funds. The Port is designed to be self-sustaining and self-liquidating, and to produce only enough revenue to provide for orderly expansion.

For Public Benefit

"All facilities in the Port will be operated for the public benefit by private lease. All jobs or employment created by this facility, for the most part, will be the private employees of the firms utilizing storage of industrial acids using this Port. The overall cost, including site improvement, several rail facilities, permanent facilities to receive in buildings and cargo handling barge lots and ship repair equipment involves a total cost of approximately \$24,000,000 to \$30,000,000 and will take from 18 to 24 months from the date of bonding until completion.

"The backbone of the Port is piers. Many of the facilities capability of receiving from 100 to 150 barges and shipping by rail up to the financial arrangements have been completed. This entire project has been brought to its present level primarily as a result of the interest of the public spirited members of the Tri-City Port District Board, who, serving as a self-sustaining and self-liquidating project, have given unlimited amounts of time to the project in the best of interests of the public and the future economic growth of the Quad-City area.

Cantata, 'Hallelujah Chorus' On GCHS Vocal Dept. Program

The annual Christmas choral concert by the Granite City high school vocal music department will feature a folk song cantata, "An Appalachian Nativity" by Lewis Henry Horton, Warren Simpkins, head of the GCHS vocal music department and director of the concert, said today.

The department's combined choruses will present the annual concert Thursday night, Dec. 15, in the high school auditorium, beginning at 8 p. m. Over 220 vocal music department students will take part.

The cantata is composed of Appalachian mountain folk songs as they were performed 100 years ago. Appearing in the cantata will be members of the advanced mixed chorus, cantata girls glee club and the boys glee club.

Featured Soloists
Soloists will include GCHS students Tom Feeney, Keith Veiser and Jerry Roderick, and Robert Arbogast, 1960 graduate who will be guest tenor soloist. Accompanists will be pianist Jean Hinson and organist Mrs. Russell West.

"Cantata" choral numbers include "A Virgin Unspotted," "His Parents Poor," "An Shepherd in Jewry," "When This Was Said," "Hark! The Herald Angels Sing," "Then with Delight," "Hail, Blessed Morn," "The Shepherds Then Returned Again," "Praise the Saviour, All

Ye Nations" and "Joy to the World."

Continuing the program, the fourth hour girls' glee club will sing the old English tune "What Child is This?" and "A Christmas Carol" by Hawley Ades.

The fourth hour girls' group, the beginning mixed chorus and the boys' glee club will follow with "Happy Christmas Eve," arranged by Barnard, and a boys' chorus will sing "Behold The Star" by Talley.

Mezzo-soprano soloist Beverly Jackson will sing "The First Christmas," by Cecil Dougherty, followed by two offerings by the cantata girls glee club, "The Little Drummer Boy" by Davis, O'Connell and Simeone, and "Rejoice, Rejoice, Ye Christians" by Schroeder and Malin.

A number will also be performed by the sophomore girls' sextette, whose members are Connie O'Connell, Sharon Smalley, Peggy Carmack, Donna Feeney, Linda Henley and Karen Brown.

Other Selections
The advanced mixed chorus will continue the program with a German folk song, "When Christmas Morn is Dawning," as arranged by Christiansen, "Echo Carol" by Talley, and "A Child This Day is Born" by Washburn. The latter selection will be accompanied by a brass sextette.

The famous "Hallelujah Chorus" sung by the advanced mixed chorus, cantata girls glee club and boys glee club, will climax the program.

Accompanists for the various choral groups include Jean Hinson, advanced mixed chorus; Linda Henley and Karen Brown, cantata girls glee club; Carolyn McFayven, fourth hour girls glee club; Mary Cox, boys glee club; and Deborah Fischer, beginning mixed chorus.

The program, about one hour in length is open to the public free of charge.

Equipment Now At Site of Glenview Drainage Project

Equipment is at the site and work is ready to begin on installing a 2200-foot stormwater drainage trunk line to serve the Glenview subdivision. It was learned this week.

The Joseph P. Keeley Co., of East St. Louis, which was awarded the contract on its low bid of \$88,500, is ready to proceed with the project whenever weather is favorable. The bids were opened Sept. 5.

Initial work will take place in the vicinity of the East Side Levee and Sanitary district's Nameold drainage ditch, immediately north of the former Illinois Terminal Railroad right-of-way.

Ad Kramer, an engineer for the district, said 48-inch and 60-inch lines are to be installed to drain water from present Glenview area storm sewers into the drainage ditch. The existing outlet is inadequate because of the neighborhood's rapid growth.

The work is being financed from a levee district bond issue that also includes several St. Clair county drainage projects.

Farm Bureau Offices To Close On Saturdays
Beginning Dec. 10, the Madison County Farm Bureau office at Edwardsville will be closed on Saturdays, the board of directors announced this week.

Madison Service Co., wage-houses and the service station will remain open, however.

Christmas Concert Mon. By 120 Coolidge Students

A three-part Christmas concert will be presented by 120 ninth grade vocal music students attending Coolidge Junior high school in the junior high school gymnasium at 7:30 p.m. Monday under the direction of Mrs. Pauline Frazier.

A freshman mixed chorus, girls' glee club, boys' glee club and the combined groups will take part in the program, which includes 17 selections and a narrated Christmas story.

The program opens with "The Invitation," and will include two numbers by the combined groups, "Ye Watchers and Ye Holy Ones," arranged by Krone; "Break Forth O Beautiful Heaven," by Bach; and the Christmas spiritual "Go Tell It on the Mountain," by the freshman mixed chorus.

Part two of the program, "The

Christmas Story," will be narrated by Ruth Maxton, and opens with four selections by the girls glee club. Included are "Ave Maria," by Gounod with the soprano by Toni Hunter; "O Little Town of Bethlehem," by Redner; "No Candle Was There," by Lehman; and "Sleep My Little Jesus," arranged by Frazier.

Following selections will be "As Lately We Watched," an Austrian carol sung by the boys' glee club; "Glory to God in the Highest," by Adams and sung by the combined groups; "Night So Dark," by Whitall, sung by the freshmen mixed chorus; "Stately Camels O'er the Desert," by Hamblin, sung by the boys' glee club with a tenor solo by Don Sluder; and "Joy to the World," by Mason, offered by the entire group.

Secular songs make up part three of the program, "Christmas, 1960." The girls glee club will open the final portion of the program by singing Ray Evans' "Silver Bells," the freshmen mixed chorus will follow with "It's Beginning to Look a Lot Like Christmas" by Wilson and "Ring Those Christmas Bells" by Levene, the girls glee club will offer "Winter Wonderland" by Trunkaus, and the combined

Commercial Zoning Sought On Nameoki Rd.

Referred to the City Plan Commission was a request submitted to the Granite City council Monday night by Jesse and Leona Browning for rezoning their property at 3727 Nameoki road from R-2 residential to C-1 commercial for use of the home as a physician's office.

The council was notified by the Plan Commission that it had rejected two earlier requests for zoning code changes.

That of Ray and Francis Lewis and Thomas R. Eighan for two lots on the northwest corner of 27th and Benton streets to be rezoned R-3 from the present R-3 was rejected at the request of eight property owners living in the area who were present for the hearing and three petitions presented, signed by 80 persons.

The request by Fremont Construction Co. for rezoning two lots on the northeast corner of Mitchell avenue and Pontoon road from R-1 residential to C-1 commercial also was rejected, based on the appearance of one complainant and a petition signed by 14 property owners in the neighborhood.

groups will conclude the concert with "Merry Christmas" by Marks.

The Christmas concert, an annual presentation by the ninth grade vocal classes at Coolidge, is free of charge to the public.

Post Offices Gird For Xmas Rush; No Record Volume Seen

Despite predictions that United States post offices will handle a record-breaking amount of Christmas mail this month, postmasters in the Tri-Cities do not expect any records to be set in this area.

At least that was their opinion today at the first influx of parcels and cards heralding that time of year when tons of Yuletide greetings and gifts make the life of the postal clerk and carrier an inevitable one.

One postmaster, Harry Johnson of Madison, actually looks for a decrease from last year in the number of pieces of mail his workers will sort and deliver this month. His prediction is based on a lighter than usual volume of stamp sales, a fairly accurate gauge in past years.

Postmaster Charles Simmons of Venice said that business at 416 Broadway has "shown a slight increase," and is "about normal" for this time of year.

"Stamp sales are holding up good and we expect to come close to last year in volume," was Granite City Postmaster Theodore Overbeck's observation.

The local post offices may see no records (an accurate count of the pieces of mail handled during the Christmas season will be kept at all three locations), but the month of December is by far the busiest of the year.

Extra Employees, Vehicles In Granite City between 50 and 75 temporary employees will be taken on gradually by the post office to speed up the processing of incoming and outgoing mail.

Postmaster Overbeck has requested seven additional vehicles from the Granite City Engineer Depot to transport parcels during the rush, while in Madison one additional truck from the depot will be available.

Eight additional temporary clerks and carriers will be "worked in gradually" at the Madison post office, Johnson said. No additional temporary employees are expected to be needed in Venice, nor will the post office require extra vehicles.

The Venice department does not plan to keep stamp and mailing sales open after regular hours, but employees will

probably put in longer hours during the two weeks previous to Christmas.

"Our window hours will probably be controlled by the way stamps are selling," Overbeck said. During the same two-week period before Christmas the Granite City post office will be open to the public from 8 a.m. to 6 p.m., Saturdays included.

Postmaster Johnson voiced the same opinion. "We may be open all day on Dec. 17 (Saturday) and definitely will be open all day Dec. 24 (Saturday), Christmas eve."

Will 'Clean House' All three postmasters said their employees will work right through Christmas day and the following day if necessary, to "clean house" and complete the delivery of all perishable parcels.

The public, of course, can speed the delivery of Christmas mail by following suggestions the post office department makes every year.

Carelessly written names and addresses, poorly wrapped packages, insufficient postage and the failure to include zone delivery numbers all combine to make the mailmen's tasks more difficult and result in delayed delivery.

Mailing Requests To insure delivery of Christmas cards and gifts before Christmas eve, the post office department requests that:

1. Individuals check to make sure that Christmas cards and gift mailing lists are correct and up to date.

2. The sender use complete addresses, including street number, rural route number or post office box number.

3. Street addresses are complete with "avenue," "parkway" or "drive," as the case may be, and that abbreviations be avoided.

Zone numbers are included in the mailing address, and in the return address of the sender.

Tibbals Class Of Eagle Scouts Will Exceed 30

The Cahokia Mound Boy Scout Council's class of Eagle scouts for scouting's fiftieth anniversary year has been designated as the Richard Tibbals Golden Jubilee Class in honor of Tibbals, council president.

More than 30 scouts and explorers of the council are to be recognized as new Eagle scouts when the class participates in a public "court of honor" at 8 p.m. Thursday, Dec. 29, at Madison high school. This is expected to be the largest Eagle group in the council's history. The rank is the highest attainable.

The boys participated in final reviews at the council office in Granite City this week. They and their scoutmasters and explorers will attend a dinner immediately prior to the court of honor, with Tibbals as guest. Tibbals is works manager of the American Steel Foundries plant here.

All troops and posts of the council are being invited to witness the court of honor, attending in uniform and bringing unit and American flags. A "parade of flags" will serve as the opening ceremony.

ONE-STOP SHOPPING FOR A NEW CAR at your Chevrolet dealer's!

Now you can make your car-shopping rounds the easy way—all under one roof! For '61 your Chevrolet dealer offers nearly any type of car you could want—at the kind of price that'll make you want it all the more. There's a whole new crop of Chevy Corvairs with lower priced sedans and coupes and four wonderful new wagons unlike any ever built before in the land. There are new Chevy Biscaynes—the lowest priced full-size Chevrolets, beautiful Bel Airs, elegant Impalas, six easier loading Chevy wagons, including three 9-passenger models. Come in and pick and choose to your heart's content!

New '61 Chevrolet
NOMAD 9 PASSENGER STATION WAGON

There are six easier loading Chevrolet wagons for '61—ranging from budget-pleasing Brookwoods to luxurious Nomads. Each has a cavernous cargo opening measuring almost five feet across and a concealed compartment for stowing valuables (with an optional extra-cost lock).

New '61 Chevrolet IMPALA 2-DOOR SEDAN

Here's a new measure of elegance from the most elegant Chevrolets of all. There's a full line of five Impalas—each with sensible new dimensions right back to an easier-to-pack trunk that loads down at bumper level and lets you pile baggage 15% higher.

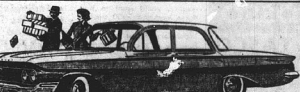

New lower priced '61 CORVAIR 700 CLUB COUPE

There's a whole crew of new Chevy Corvairs for '61—polished and perfected to bring you spunk, space and savings. Lower priced sedans and coupes offer nearly 12% more room under the hood for your luggage—and you can also choose from four new family-sized wagons.

New '61 Chevrolet BEL AIR SPORT SEDAN

Beautiful Bel Airs, priced just above the thriftest full-size Chevies, bring you newness you can use: larger door openings, higher easy-chair seats, more leg room in front, more foot room in the rear, all wrapped up in parkable new outside dimensions.

New '61 Chevrolet 4-DOOR BISCAYNE 6

NOW—BIG-CAR COMFORT AT SMALL-CAR PRICES—Chevy's new Biscaynes, 6 or V8, are built to give you a big ride. They offer a full measure of Chevrolet quality, roominess and proved performance, yet they are priced right down with many cars that give you a lot less.

Planning Continues For SIU Southwestern Campus

Plans for future land use in the area of Southern Illinois University's campus at Edwardsville were discussed recently at a meeting of the Inter-Governmental Liaison Committee for Planning.

Meeting in the Administrative offices on the new campus site, the committee discussed in particular the latest developments in a proposed plan for highway improvements, including major thoroughfares to serve the traffic expected to be generated by students attending the university.

Dr. H. Bruce Brubaker, SIU administrative staff member and chairman of the Inter-Governmental Liaison Committee, described the meeting as a very valuable one. The University-retained firm of

Carpenter Falls 15' When Ladder Breaks

An East St. Louis carpenter received multiple abrasions, lacerations and a fractured left arm Monday when he fell 15 feet as the ladder on which he was standing broke.

He is Ray Cadmus, 59, whose condition was described as "fair" at St. Elizabeth Hospital.

Cadmus was doing carpenter work at the blast furnace division of Granite City Steel Co. According to witnesses, the ladder was perched on scaffolding. He was taken to the hospital for treatment for extensive injuries to arm, chest, head and right elbow. Due to the cuts he received in the fall, it has been impossible to place his fractured arm in a cast.

Traffic Ticket

A charge of passing a railroad gate on Pontoon road was placed against Richard Jones, 4145 Highway 111, who was issued an arrest ticket Monday by Granite City police. He posted his driver's license as bond.

Heat Lamps To Assure Ice, Frost-Free Winter Banking

Granite City Trust & Savings Bank customers soon can do their outdoor, wintertime banking in warmth as cozy as their homes, and free of ice and snow. It isn't science fiction, President Ernest A. Karandjeff said today, it's the new infrared heat lamps being installed under the marquees of the financial institution.

Their warming glow will not only take the chill out of the customers banking at the new, walk-up teller's window on Edison avenue, but keep the bank doorways free of hazardous ice.

Annexation of Reilly Plant Sought By City

Mayor Davis and City Atty. William Beatty were in Indianapolis on Wednesday to confer with officials at the main office of Reilly Tar & Chemical Corp. concerning annexation of the local plant to the city.

The local plant, 1840 Edwardsville road, is outside the city limits, and its officials are currently negotiating a contract with the city for fire protection.

However, at a recent council session, the board of aldermen recommended the plant also should be annexed.

Results of the conference at Indianapolis have not been determined.

Three Arrest Tickets

Three arrest tickets were issued Monday by Granite City police at a stop sign at Nameoki and Pontoon roads. Those issued tickets were Mary Batson, 36, of 3117 Aubrey avenue; Ronald Turner, 17, of 3200 Davis avenue; and James Freeman, 50, of 512 Fleming avenue. They posted their driver's licenses as bonds.

Doug Harvey of Montreal was the only new captain to start the National Hockey League season. He replaced retired Maurice Richard.

Herman Greve Wins

Toastmaster Award

Herman Greve was given the Toastmaster award for his talk on "Ignored Lesson of Anne Frank," at the Granite City Toastmaster Club meeting Monday at the home of Dr. Leo Coleman.

Charles Young was named general evaluator, Charles Withers, best critic, and Richard Coleman, toastmaster.

The club also held the third installment of its speech-training course, which was led by Dr. Claude Hiles.

The installment was broken down in three parts. One talk was made by Earl Tucker on "Buck Fever." Another speech, "Developing Self Confidence," was made by Herman Greve and the third part was a talk by Richard Coleman on "Hurdles to be Jumped."

Two previous installments were led by Don Trinnell and Charles Withers.

When the course is completed, the club will invite the public to use its services in speech training.

Instruction In String

Music At GC Schools

First instruction in stringed musical instruments in the Granite City school district has been started and will be absorbed into the regular class schedule effective with the new semester Jan. 30, it was announced this week.

About 70 seventh and eighth grade students have enrolled, and the string program is expected to be expanded to include older age groups in future years. The instructor is Dean Duncan, who has been spending his mornings during December with the string students. In the afternoons, he teaches band instruments to pupils at the Marshall, Mitchell and Emerson grade schools.

Violin, Viola, Cello, Bass

Instruments included in the new program are the violin, viola, cello and double bass. The enrollment consists of 45 youngsters at Coolidge junior high school, 16 at Prather junior high and eight seventh graders at Central junior high.

With the classes not yet a part of the formal schedule, students have been reporting to Duncan during some of their morning home room periods as well as substituting the music period for other classes on specified occasions.

While none can be classed as yet as virtuosos, progress is being made and one or two programs for parents may be held this spring. Eventually, string groups may be used to augment various school bands in the district for orchestra programs.

Infant Maxvill Twins

Die Following Birth

Matthew David and Mark John Maxvill, infant twin sons of Mr. and Mrs. Jess Maxvill Jr., 2114 (rear) Delmar avenue, died Tuesday afternoon at St. Elizabeth Hospital within two hours after their birth.

Matthew David, born at 1 p. m., succumbed at 2 p. m. His twin brother, Mark John, born at 1:46 p. m., died two hours later.

In addition to their parents, the twins are survived by two brothers, Luther and Jackie, and four sisters, Claudia, Trudy, Pamela and Robin, all at home; their maternal grandmother, Mrs. Della Cox Granite City, and their paternal grandparents, Mr. and Mrs. Jess Maxvill Sr., residing in California.

Funeral arrangements are to be found in today's obituary column.

Hope To Complete

Plans This Month

For JP Caucuses

Plans are expected to be completed this month for two party caucuses to be held in the Quad-Cities to select candidates for justice of the peace and constable of the local justice district.

Dates and locations remain indiginate, but it is hoped to designate them by late December so that precinct committeemen can be notified. The caucuses must be held between Jan. 6 and 16. Independent candidates may file with the county clerk's office between Jan. 9 and 16.

At each party caucus, a committeeman will be chosen to preside, and all eligible members of the particular party will be permitted to vote on the justice and constable candidates.

Since Democrats outnumber Republicans in the Quad-Cities, that party's candidates will be favored to receive more votes next April than the GOP candidates. However, independent candidates also could be a major factor.

Meeting halls chosen will be of interest, since the gatherings theoretically could be quite large. Beginning next spring, the only local judicial officers besides City Judge Fred P. Schuman will be a Quad-City justice of the peace and three city police magistrates.

In 1935 there were only 46 adult trumpeter swans in the United States. Now, thanks to conservation, their numbers have grown to 1,500.

Legion Unit 113
Honors Charter
Members Monday

A party was given Monday evening by the Past President, Parley of the American Legion Auxiliary 113 to celebrate the golden wedding anniversary of two charter members of the Post and Auxiliary, Mr. and Mrs. Elsie Breckenridge.

A covered dish supper was served to approximately 40 persons at tables decorated in gold and white. The head table was adorned with yellow chrysanthemums, golden wedding bells, candies and angels.

Mr. Breckenridge, a retired railroad mail service clerk, is 72 and his wife is 66. Most of their married life has been spent in Granite City. They have one daughter, Mrs. Lawrence O'Neill, whose husband, Lt. Col. O'Neill, is with the NATO staff stationed on the Isle of Malta, and four grandchildren.

The couple was presented with a gold "treasure chest" and Mrs. Breckenridge received an orchid corsage sent by her son-in-law and daughter.

A short business session was conducted by Mrs. Luma Durbin, president of the Parley, and Christmas contributions were made to the Veterans Craft Shop, the Madison County Tuberculosis Society, the Norbury Nurses Sanatorium, and to CARE.

A program was given including a talk by Chester Breckenridge, a brother of one of the guests of honor with his wife, also is a charter member of the local Legion and Auxiliary 113, and a reading by Mrs. Edna Brancome. Games were also enjoyed by the group and Mrs. Durbin, who was celebrating her birthday, was given a shower of handkerchiefs.

Present with Mr. and Mrs. Elsie Breckenridge was Mrs. Mary Shaw, 88, who resides with them at 2533 East 24th street.

W. VISIT NEW GRANDDAUGHTER
Mrs. Arthur Roseman, 2120 Richmond avenue, will leave Friday for San Antonio, Tex., to visit her son-in-law and daughter, Mr. and Mrs. Edward Dunn, who are announcing the birth of a daughter Tuesday. The baby weighed seven pounds, five ounces and has been named Beverly Jo.

Mr. and Mrs. Dunn have another daughter, 14-month-old Amy Ruth. Mrs. Dunn is the former Helen Roseman.

WCUT TO MEET
A Christmas program will be combined with the regular monthly meeting of the Women's Christian Temperance Union Friday evening at 7:30 o'clock in the home of Mrs. Bethel Davis, 2148 State street. Mrs. Ben Willtrout, president, will be in charge.

Opti-Mrs. Plan Progressive New Year Party

The home of Mrs. Lillian Fredericks, 1 Miami court, was the place of meeting Tuesday evening for the Progressive Opti-Mrs. Club. Co-hostesses with Mrs. Fredericks was Mrs. Elsie Hastings.

The meeting was presided over by Mrs. Betty Larkin, president, and the group planned to participate in the sale of Christmas decorations at the Optimist tree lot.

A letter of acknowledgment was read from the Girl Scout Council for a contribution to the purchase of equipment, and the club planned to send Christmas gifts to a 13-year-old girl in Nova Scotia whose name was found attached to one of the trees on the Optimist tree lot.

At the conclusion of the business session, games provided entertainment and prizes were won by Mrs. Gladys Steinhauer, Mrs. Dorothy Moore and Mrs. Dorothy Blasing.

Two guests attended the meeting in addition to the members. They were Mrs. Crystal Stock and Mrs. Louise McCartney. Refreshments in keeping with the season were served.

The next meeting will be held Jan. 3 at the home of Mrs. Larkin, 2422 East 24th street.

War Vets And Auxiliary Hold Christmas Party

Veterans of World War One, Barrecks 64, and Auxiliary, held an annual Christmas party and covered-dish dinner Tuesday evening at the YVW hall. Eighty members of the two groups were present.

A large Christmas tree stood on a table at one side of the room, and around this the gayly wrapped gift packages were placed for later distribution. The dinner tables were decorated with miniature Christmas trees and favors.

Special guests were Dr. Harry Mort of St. Louis, a member of the national budget and finance committee and also a member of the national legislative committee, together with his wife, Mrs. Lucille Mort, national president of the Auxiliary, both of whom spoke briefly.

After dinner, there were games and the exchange gifts.

The hospitality committee consisted of Mesdames Clara Conaway, Mary Breidenbach, Irene Hendricks, Betty Hutsel, Brian Schilling, Estella McEwen, Zelma Egan, Carolyn Moser, Jett Abel, Clara Elliott and Kathryn Fellers.

HONOR SON AND FIANCEE AT DINNER
Mr. and Mrs. W. H. Baumberger, 2415 Pine street, entertained guests at a family "get acquainted" dinner party this week in honor of their son, Ronald Eads, and his fiancée, Miss Joan Lanan, who will be married early in the new year.

Present were Mr. and Mrs. LeRoy Lanan, parents of the bride-elect, their daughter, Mary, Mr. and Mrs. Edward Trachsel, Mr. and Mrs. G. E. Baumberger, Mr. and Mrs. Marvin Taylor, Miss Maurine Cochran, Paul and Gary Eads, Bruce Anton, and the two guests of honor.

The wedding of Miss Lanan and Mr. Eads will be solemnized Feb. 4 at Sacred Heart Catholic Church.

GABRIEL SHRINE WILL HOLD CHRISTMAS PARTY
A stated meeting of Gabriel Shrine, White Shrine of Jerusalem, will be held at 6 o'clock sharp this evening, followed by a short recess and the ceremonial and Christmas party at 7:30.

Mrs. Ida Curtis is worthy high priestess of the Shrine and Arthur Talbot is watchman of shepherds.

Jr. Minerva Club Will Sponsor Benefit Matinee

The Junior Minerva Club will sponsor a benefit movie at 1 p.m. Dec. 27 at the Washington Theatre. The admission will be 50 cents.

The feature will be "Tom Thum" plus short subjects including the "Island of the Sea," produced by Walt Disney.

Proceeds from the benefit will go to support projects of the group, which include scholarships for teachers of exceptional children and mental health and cancer research.

The charitable organization, which has a membership of 25, recently celebrated its 25th anniversary.

The group, also sponsors art shows and winners are given scholarships.

Tickets for the movie will go on sale Monday at Graham's Book store, or may be purchased by contacting Mrs. Charles Kohl or Mrs. Louis Brusati. Tickets may also be purchased at the theatre box office.

Mrs. Frank Kraus is general chairman of the benefit.

SIU Alumni Chapter Sets Christmas Party, Dinner

The Madison County Alumni chapter of Southern Illinois University will hold a Christmas party and snowboard dinner at 7 p.m. Saturday at the Rose Bowl, according to Paul Morris, president of the group.

The dinner, preceded by a social gathering, will be followed by an informal program.

SCREENS & STORM INTERESTS REPAIRS, GRANITE CITY GLASS, 18TH & EDISON.

EAGLES AUXILIARY PLANS EVENTS

An officers' meeting of the Eagles Auxiliary was held Tuesday evening with Mrs. Viola Carey, president, in charge.

Several fund raising projects were discussed, including muscular dystrophy, with Mrs. Frances Paeke, chairman of the latter committee in charge, and plans again were made for lacking baskets for distribution by the Salvation Army at Christmas.

Christmas card sales were discussed and final plans were made for the annual Christmas party and dinner at 6:30 p.m. Dec. 13.

The prize for the evening went to Mrs. Theresa Daigert. Nine officers and chairmen attended the meeting.

New Hours Set For Santa's Visits At Downtown Cabin

The toddlers, the pre-teens and the teenagers continued their all-out advance on Santa Claus' midtown Log Cabin where, up to noon today, an over-all total of "around 15,000" had visited the bewitched symbol of the Christmas.

Looking ahead to ever greater "swarms" of guests, Father Christmas today announced a new schedule of hours.

Santa was brought here by the Associated Retailers and Civic Association as the Quad-Cities' guest, and his headquarters are at Edison avenue, off 19th street.

In consequence of weeknightly opening of retail stores and shops, and the upcoming school holidays, Santa's "open-house, visiting" hours have been slightly re-scheduled.

Schedule Of Hours

On Mondays, Tuesdays Wednesdays and Thursdays, his Log Cabin will be open from 2 p.m. to 8:30 p.m. His Friday schedule calls for visitors between 10 a.m. to 6 p.m.

Saturday, the jolly old gentleman will "receive" visitors from 10 a.m. to 6 p.m. Barnes said that on Wednesday, Thursday and Friday, Dec. 21, 22 and 23, Santa's Log Cabin will remain open from 9 a.m. to 8:30 p.m., in anticipation of the pre-Christmas rush.

Christmas eve, due to his many other commitments, Santa will close up early.

For the kiddies, the Associated Retailers will give free, continuing movies from 9 a.m. to 5:30 p.m. at the Washington theatre on Dec. 21, 22 and 23. No tickets of admission are required.

Average Daily Increase Alvin T. Barnes, executive secretary of the retailers' organization, today said that Santa, in his role of genial host, was entertaining, on the average, 100

more daily visitors than he did a year ago.

He has connections for the youngsters, and all are invited to become eligible for one of the four, free bicycles to be given to boys and girls this year.

Barnes said that winners of the two girls' and two boys' bicycles would be selected on Wednesday, Dec. 21, and their names will be in The Press-Record on Thursday, Dec. 22.

Log Cabin headquarters visitors have opportunity to have their pictures taken with St. Nicholas.

\$90,000 MFT Sought For 3 C Streets

State motor fuel tax funds totaling \$90,000 are being sought by Granite City for improvement projects on three streets—two in West Granite and one in the Maryland Place sector of the Nameoki area.

Resolutions asking the state highway department to appropriate the funds were approved Monday night by city council members.

The Nameoki project is for Woodlawn avenue from Maryland place to Wabash avenue and is estimated to cost \$60,000; while \$30,000 is being sought for improvements on Nevada avenue from Rock road to West 23rd street and West 20th street from Nevada avenue to Ohio avenue.

The projects are to include asphalt paving, curbs and gutters and drainage facilities.

Referred to the alderman of the Sixth Ward was another MFT project for a similar improvement on Faith avenue from Nameoki road to Marshall avenue. Alderman Samuel Whitner, chairman of the Street and Alley committee, said the width of the street must be determined.

The present right-of-way is 20 to 24 feet wide and the state specifies 20 feet with parking restricted to one side or 36 feet if there is to be parking on both sides.

SUNBEAMS MEET

Helen Lambert Sunbeam Band of Second Baptist Church held its semi-monthly meeting during the morning worship service Sunday with "I Like Christmas" as the program theme.

Mrs. Johnnie Mathis, leader, gave the story, using a cardboard box TV with illustrative pictures. There was group singing of carols, and plans were made for a Christmas project.

Handwork also was started on gifts for the children's parents.

Present were Gary and Gail Lewis, Debbie Withers, Kevin Kraus, Paula Tadlock, Julie Ann and Denise Whitson, Mrs. Mathis and the assistant leader, Mrs. Ruth Dodd.

WORLD FRIENDS MEET

On Tuesday afternoon the World Friends Sunbeams met in Second Baptist Church, with "Sharing With Each Other" as the theme of their meeting. The group drew pictures of articles for the Lottie Moon Christmas offering would buy.

The group made Christmas gifts for general officers of the

GC Assessor Moving Into Fleishman Bldg.

The office of Granite City Assessor Von Dec Cruse is in the process of being moved from the third floor of the city hall building to the second floor of the Fleishman building, 19th street and Delmar avenue.

Assessor Cruse said the move is being made this week and his new three-room office should be open next Monday. "There is some remodeling work going on now," the assessor said.

The office was ordered out of the city hall building with the expansion of the city court suite on the third floor to include a law library.

In establishing the law library, the city engineer's office is being moved into the suite which had been occupied by the assessor. The City-County Association requested the law library facilities in connection with the city court.

The township had been paying the city \$50 a month for rent of the assessor's office, and rent of the new location will be \$75.

A Christmas project for Dec. 22 was planned. Present besides the leader were the assistant, Mrs. Ruby Harper, Rudy Reiser, Bruce Freeman, Susan Anderson, Mary Tooley, Donnie Valencia and Bobby Snyder.

Collide On Broadway

A collision of westbound autos on Broadway at Seventh street, Venice, at 5:20 p.m. Tuesday damaged the front of the car of Bruce E. McClain, 17, of 1015 Second street, Venice, and the rear of the vehicle of William C. Murphy, 60, of 683 Lincoln avenue, Venice. Murphy had slowed to make a left turn.

Repairs, Improvements Planned At Lincoln High

The building committee of the Venice school board, headed by Board Member Thomas Foley, was empowered Monday night to secure estimates of the cost of recommended repairs and improvements to the Lincoln high school building in Venice, work which the board hopes to accomplish during the Christmas school vacation.

On the list of recommended improvements are the construction of an overhanging shelter at the center doors of the building and possible replacement of one set of fire escape steps at the school, interior painting of one room at the school not being used for classes at the present time, and general preparation of the room for classes in the future.

Transfer Funds

During Monday night's meeting, the board approved transfer of \$2000 from the educational fund to the school lunch fund to cover cafeteria expense until January 1961. A portion of the transferred monies will be needed to meet three luncheon period payments in December.

November bills and payrolls approved for payment totaled \$14,225. Included were \$11,039 in the educational fund, \$1200 in the building fund, \$228 in the transportation fund, \$1008 in the

Venice school lunch fund and \$899 in the Lincoln school lunch fund.

A treasurer's report showed Dec. 1 balances of \$2193 in the activity fund and \$808 in the revolving fund. Miscellaneous receipts of \$70 were noted in the educational fund.

In his monthly report, Supt. Peter said the average attendance for November for the entire Venice school system was 63.3%.

To Attend IASB Meeting

Board members were authorized to attend a meeting of the executive committee of the Southwestern Division of the Illinois Association of School Boards on Tuesday, Dec. 13, in Belleville. Purpose of the meeting is to plan the IASB division's spring conference.

A request by the Venice Boy Scout Mothers club that the organization be granted use of the Venice high school student lounge for meetings to be held the first Thursday of each month until the end of the school year was approved.

The board authorized Pier to meet with officials of the Catholic Mound Boy Scout Council to discuss problems of liability insurance and custodial service in connection with a council request for use of the VHS gymnasium during the council's spring scouting fair on May 5-6 of next year.

25 YEARS AGO

The following items were taken from the files of the Granite City Press-Record:

Dedication of the first unit of St. John's Evangelical and Reformed Church building, erected at a cost of \$30,000, will be held Sunday, Dec. 8. Two special services have been arranged in connection with the dedication ceremony. There will be a morning worship service at 10 o'clock with Rev. F. C. Klock, president of the Evangelical Synod, delivering the principal sermon. In the afternoon at 2:30 o'clock Rev. Carl Kluge of Nashville, Ill., president of the South Illinois District of the Synod, will preach. Rev. Paul Schoppe, pastor of the church, has extended a cordial invitation to the public to attend both special services and also the regular worship periods, which will be held in the new building for the first time.

Mrs. Louis Thoeper, Mrs. Fay Demetrius, Mrs. John Tempa and Mrs. Gus Toms were in Collinsville, Wednesday, attending the second district convention of the American Legion Auxiliary, held in St. John's Evangelical Church there. The ladies were delegates from the local Auxiliary.

Madison high school placed two football players on the Madison-St. Clair Athletic Association all-star team at a meeting of the seven conference coaches held Tuesday night in this city. Charles Skinner, halfback, was picked for the quarterback berth on the mythical eleven, and his brother, Russell Skinner, right end, was kept in that position. This is Charles Skinner's second year on the league all-star team.

The business meeting of the local Business and Professional Women's Club was held Tuesday evening in the YMCA and in the absence of the president, Mrs. Blanche Fearing, the vice-president, Miss Ruth Squires, was in charge. There was the usual routine and Mrs. Jeanne Blaesmy was elected as chairman of finance of the official board to fill the unexpired term of Miss Bess Ibbotson, who resigned recently. Plans were also made for the Christmas party Dec. 17 at the YMCA. Miss Eulalia Hotz of Edwardsville was a guest at the meeting Tuesday evening.

Harris Milster and family left this morning for a weekend trip to Perryville, Mo., to visit relatives. While there he expects to do some raccoon hunting, a sport which he enjoys very much.

A complete college library in which may lurk some rare books of more than usual historical or literary value was purchased recently from the defunct Ewing, Ill., college by Carl Graham and T. C. Henry, the latter manager of the Modern Photo Shop and a connoisseur of old books and papers.

Venice will, in the near future, have a public library of its own, if the plans presented by Clarence Scott, president of the school board, at the meeting of the board last Monday are approved. While no official action was taken, the members did express themselves very enthusiastically as favoring the effort and requested President Scott to have a more detailed proposition ready for consideration at the next meeting.

The Royal Neighbors of America, Camp No. 3334, met last night in Fleishman's hall and elected officers for the ensuing year. Mrs. Chloe Dial was elected Oracle. Other new officers are Anna Harmon, vice-oracle; Verda Brady, recorder; Maggie Pinkerton, treasurer; Susie Brewer, chancellor; Ella Pinkerton, marshal; Clara Hausladen, inner sentinel; Catherine Henson, outer sentinel;

PAKISTAN VISITOR, Brigadier Jamil Uddin Ahmad Faruqi, director of the Corps of Engineers of Pakistan, second from left, poses with officers of the Granite City Engineer Depot during his recent tour of the depot. The tour included a study of Storage Division and Maintenance Division activities. Officers in photo, left to right, are — Capt. Roderick Benick jr., escort officer; Brigadier Faruqi; Col. Jack J. Jeffrey, commanding officer of the depot; Lt. Col. Leason K. Watson, deputy commanding officer; and Lt. Col. Carmelo DeSimone, local escort officer.

THESE UNIFORMED CHORISTERS, members of Colorado Springs command of the U. S. Army Air Defense, were heard this week in a concert at the Granite City Engineer Depot. Under direction of 2nd Lt. Raymond G. Andrews, the choral unit was presented at the post theatre before an audience of military and civilian personnel and their families.

tended a party given Saturday who won first as a tap dancing a social time were enjoyed and in the Venice city hall for Dolly team at a recent theater contest refreshments were served at a Gorris and Mildred Koelker in East St. Louis. Danding and late hour.

Bible Display At Christian Church

Central Christian Church, 2020 Johnson road, in keeping with many other churches throughout the world, will observe Universal Bible Sunday Dec. 11.
The worship department has arranged for a Bible display featuring old and unusual Bibles brought to the church by members and friends. G. H. Stepp, chairman of the worship department, has also arranged with a Bible collector from St. Louis to have his rather extensive collection of Bibles as a part of the display.
Rev. James R. Craddock, pastor, will speak on the topic "The Unknown Book."
On Dec. 14, from 7 to 9 p.m., members and friends of the church will attend a tree lighting ceremony and pageant at the St. Louis Christian Home, 3033 West Euclid avenue.

Madison County Ranks 5th Council To Seek In Population In State County Aid For W. Pontoon Paving

For local residents wanting to keep up with the ever-shifting population, the census bureau's official and final tabulations for 1960 make informative and interesting reading.
The state's total population of 10,081,485 is largely made up of city and suburban residents, accounting for 80.7% of the people.
In the tally, Madison county falls into fifth position. Ranked above it, populationwise is Cook with a whopping 5,129,725; DuPage in second position with 315,459; Lake (suburban Chicago) 293,556; St. Clair in fourth with 262,559 and then Madison. Other counties coming in after Madison include Kane, 208,246; Winnebago (Rockford), 207,785; Peoria, 189,044; Sangamon (Springfield), 146,539; Champaign, 132,436 and Macon, 118,257.
A check shows that Pope county with a population of 4061 is the smallest among the 102, and runners-up for cellar position are Calhoun, 5933 and Hardin, 5579.

Turning to the cities, there's no contest or dispute whatsoever for premiere position—Chicago with 3,550,404. Incidentally, this represents a fall-off of around 200,000.
Then, skipping about at random for enumeration counts of other Illinois cities one finds: East St. Louis, 81,712; Alton, 43,047; Collinsville, 14,217; Edwardsville, 8172; East Alton, 7630; Peoria, 103,162; Rockford, 126,706; Springfield, 103,271; Wood River, 11,694; Troy, 1778; Sterling, 15,685; Roxana, 2090; Hillsboro, 4222; Dupo, 2937; Champaign, 49,683; Urbana, 27,294; Waukegan, 55,719; Zion, 11,941; Cahokia, 15,829; Cairo, 8348; Calhoun, 188 (smallest city); Belleville, 37,264; Bethalto, 3225; Highland, 4943; Glen Carbon, 1241 and Carbondale, 14,670.

With West Pontoon road now reopened to traffic outside the city limits, the city council began taking steps Monday night to extend the 44-foot, four-lane concrete roadway from the county line east to Nameoki road.
Eighth Ward Alderman Emerald Daves requested the city begin immediately to acquire the necessary right-of-way and prepare a motor fuel tax resolution, seeking construction funds.
At the suggestion of Supt. of Streets William Warfield, county officials will be asked to aid the city in financing the proposed project. The county also receives motor fuel tax funds, and Supt. Warfield pointed out he had been keeping a record and noted Granite City property owners had paid \$46,000 in taxes to the county for road upkeep.
"There's no reason why the county shouldn't help us on this project," Warfield told the city of East St. Louis for road work.

Daves amended his motion to include a request to the county for assistance, and his recommendation was approved.
The alderman also pointed out another street, immediately outside the city limits, which needs attention. "No one maintains it and it hangs along there in the city," Daves said.
He explained the street is off Clark avenue between the Gorbe addition and Holiday Gardens subdivision and leads into Riviera drive in the Holiday Gardens area. He suggested the city contact county and Nameoki township officials to advise them the street is not in the city limits and should be maintained by one of them.

Reorganization, Curriculum Highlight GC School Record

Reorganization of the administrative staff and procedures, extensive construction work and bolstering of the educational program and curriculum are among the major steps carried out since his arrival here almost a year ago, Superintendent Harold M. Kaiser has reported in a progress summary submitted to the Granite City school board.

A study and appeal to the federal government for reconsideration of its rejection of the school district's application for funds resulted in a federal grant of \$601,128 used to build additions at the senior high school," Dr. Kaiser said, praising the board for its decision to send him and Special Education Director Harold Thomas to Chicago and Washington for conferences on the rejection.

"For the first time, procedures have been developed on recruitment as well as selection and assignment of new teachers," he said, "and the school district has been improved through study and reorganization of regulations, bus routes and reports."

"Open Door" for Public — "The schools belong to the people, and the board has opened the doors to more groups and programs than ever before by approving new regulations governing the use of school buildings," Dr. Kaiser related, citing the park district's athletic program as one of the new activities.

"There has been a substantial revision in the methods and procedures in the business and finance department. This included further refinement in the encumbrance procedure of charging accounts, expansion of auditing procedures to all items purchased by the school district and assignment of various responsibilities under the new educational administrative organization."

"The new administrative organization approved by the board includes departments of instruction, business and finance, buildings, special education, industrial and adult education and personnel. Through individual principal conferences, a new procedure has been developed to identify the educational needs of each school."

Bidding Costs Trimmed — "Along with development of plans, awarding of contracts and completion of additions to the senior high school, contracts have been awarded and construction completed on three elementary schools and one junior high school. Before contracts for the three schools could be awarded, it was necessary to reduce construction costs by approximately \$106,000 to stay within the community's financial resources."

"Educational studies, reports and guides developed by the staff are as follows: guidance manual, budget, information for teachers, personnel policies, enrollment projections, transportation report, guide for ordering equipment for new elementary schools, remedial reading guide and administrative organization for Community Unit School District No. 12."

Other occurrences listed by the superintendent were: **Claim, Programs Settled** — Settlement of the claims of Childs and Smith, architects for the 1953 construction program, reducing the arbitrators' figure of \$10,128 to \$600.

Final Settlement, closing the 1955 and 1957 federally-financed construction programs with the Federal Housing and Home Finance Agency.

Development of criteria for essential equipment for elementary schools.

A study and report on enrollment projections through 1963.

Development of a plan for the building of school budgets.

A study and adjustments of attendance boundaries for the new schools.

Maintenance of Schools — General improvements in school buildings' maintenance operations, including day-to-day repair as well as major renovations, painting and surfacing of playground areas.

And development of a plan for the improvement of the administrative committees in improving the instruction program.

Describing the progress as "significant," Dr. Kaiser said he has been "thrilled" by the efforts of the board and entire staff. In all the sessions affecting the policies of or for the school district, welfare of the children has been given first consideration.

5% More Bridge Use Than In Same Month Last Year

With an increase in McKinley bridge traffic, the third fiscal year of its operation by the city of Venice, more vehicles are using the 50-year-old Mississippi River span, Manager Henry McMullen has announced.

Traffic in the 1959-60 year ending Sept. 30 totaled 3,971,979, and Mayor John E. Lee reports that over 4,000,000 crossings are needed in 1960-61, since bond payments are to be higher beginning with the third year. Most of the bridge remodeling work has been completed by now, but a late start and several work stoppages have delayed the project.

Despite this, traffic rose 4% in the past year and showed a 1% gain in October alone, to 3,971,979. The latest monthly report, for November, indicates a 5% increase over November of last year, McMullen notes.

November crossings totaled 329,277 for a daily average of 10,975. They numbered 78,770 in the first week, 74,048 in the second week, 78,871 in the third week, 73,274 in the fourth week and 78,954 in the fifth week. In November 1959, there were 311,817 crossings and a daily average of 10,383.

The 1959-60 daily average of 10,852 has been topped by both the October 1959 average of 11,067 and the past month's 10,975 mark.

Yule Gift Wrapping Show At GCHS at 8 P.M. Monday

In the 15th annual renewal of the community Yule tradition, the auditorium stage at Granite City high school will be heavily freighted Monday night with artistically wrapped gift parcels, centerpieces and the full panoply of decorative devices of the season.

It is the demonstration and school-of-instruction by the art students and Eugene L. Alston, art instructor, and will get underway at 8 p. m.

Alston will show 101 parcels and packages of varying bulk and shape which have been specially designed for Christmas giving.

In addition, the artistry and handicraft of students in creative flocked evergreen centerpieces, styrofoam cut-outs, Nativity cribs and doorway decorative pieces will be shown.

Over the past several years, the turn-out for the Christmas-time demonstration has overwhelmed the auditorium. Some have made it a practice to arrive early so as to secure a seat.

The demonstration is free of charge, and there will be gifts of centerpieces and mantle decorative designs for some of the Monday night show-goers.

Floor Show For Teen Town Sunday Dancing

A floor show, featuring a local dance studio operator and her top dancers, will highlight Sunday's Moose Teen-Town dancing party at the Moose Hall, 1900a State street.

There will be dancing to recorded music from 6 to 9 p. m. Among the youngsters who will entertain are Barbara Morrison, Sandra Stalley, Shirley Tucker, Bonnie Wilmet and Sharon Koch.

A small admission fee is charged. Teen-Town dances are open to all of the younger generation of the Quad-Cities.

**Perfume
"Round The Clock"**
Q- Dear Jane: I adore per-
fume, but for some reason or
other its fragrance just does not
last on me. I have told several
of my friends that I want a new
perfume, but first I must find
out about a lasting one.-Mrs.
G. B.
A particularly good idea
for women who claim that per-
fume does not "stay with them"
is a Liquid Skin Sachet. It
smooths on the skin very easily,
and lingers longer because of its
sachet base. It has a slower rate
of diffusion and evaporation than
any other type of fragrance and
was originated by Houbigant.
Try their Chantilly Liquid Skin
Sachet. Only \$2.50 plus tax at
Hub Drugs.

Gideon Society Christmas Party

Among the early Christmas
parties taking place this week
was that of the Gideon Society
and Auxiliary at the Grand Cafe
Monday evening.

A turkey dinner was served to
the group, followed by the sing-
ing of carols and devotions given
by Hugh Foster, and games in
charge of Mrs. Foster.

Also present were Mr. and
Mrs. Irvin Frohardt, Mr. and
Mrs. Arthur Beide, Mr. and Mrs.
Donald Spaulding, Mr. and Mrs.
R. O. Harold, Mr. and Mrs.
Fred Rauschholz, Mr. and Mrs.
C. F. Reiners, Mr. and Mrs. W.
G. Harris, Mr. and Mrs. A. L.
Chazier and two guests, Mr. and
Mrs. W. D. Harris.

TRIM THE TREE PARTY AND VESPER SERVICE

A "trim the tree" party and
vespers will be held at Niedring-
haus Memorial Methodist Church
Sunday, Dec. 11.

The program will begin at 2
p.m. and is for all ages. Each
family group will place one dec-
oration on the sanctuary tree in
a vesper service at 5 p.m.

St. Peter Guild Installs Officers At Yule Party

Officers for 1961 were installed
Monday evening at the Decem-
ber meeting and Christmas party
of the Evening Guild of St. Peter
Evangelical & Reformed Church.
The staff includes Mrs. Mar-
guerite Borgner, president; Mrs.
Helen Preasley, secretary; Mrs.
Mildred Pehling, treasurer; and
the following department chair-
men: Mrs. Rozah Jackson,
spiritual life; Mrs. Rozah Brand-
ing, Christian stewardship; Mrs.
Marion Kries, missionary edu-
cation; and Mrs. Ruth Ann Bar-
tels, Christian service. Miss
Clara Hoelcher, the retiring
president, was in charge.

The business meeting was held
in the activity room of the
church and contributions were
made to the Hiltz Memorial
Fund in Alta Vista, Hoyleton,
Ill.; Emanuel Home in St. Charles, Mo.;
and the Protestant Welfare As-
sociation. The group also made
plans for sending candy to four
boys from the church who are
in military service.

Concluding the business, the
guild members formed a process-
ion to the fellowship hall sing-
ing carols, accompanied by the
Choraleers.

The Christian service commit-
tee headed by Mrs. Joyce Mat-
son, chairman, was in charge of
the party. The hall was dec-
orated for the occasion in the
holiday colors and refreshments
were served from tables ar-
ranged to form a large Christmas
tree. Cedar boughs and red can-
dles were used in the appoint-
ments and a red candle stood at
each place. A large silver star
formed the background.

The retiring president was
presented with her past officers'
pin by Rev. Robert Baumann,
and gifts of the season were ex-
changed.

The hospitality committee was
made up of Mrs. Alice Elledge,
chairman, assisted by Mrs.
Grady, Mrs. Shirley Glenn and
Mrs. Fehling.

Fifty-five were present, includ-
ing two guests, Mrs. Mary Vor-
hees of Lawrence, Kans., and
Mrs. Donald Vinyard.

Hospital Sisters Guests At Yule Party On Monday

Christmas carols sung by "The
Six-Tones" of the Granite City
high school led by Warren
Simpkins, director of vocal mu-
sic at the school, highlighted the
program at the annual Yule
party given by St. Elizabeth
Hospital Auxiliary Monday eve-
ning for the nurses.

Approximately 70 members
and guests attended the affair.
One of the most enjoyable of the
season. Dinner was served at
6:30 by a local caterer.

A brightly-lighted tree stood
in one corner of the room around
which the Christmas packages,
gifts for the Sisters, were placed
as well as those exchanged
among the Auxiliary members.

The tables were attractively
appointed with red, green and
white chandelier Christmas trees
and on the head table was a cen-
terpiece of evergreens. The in-
vitation was given by Mrs. Ga-
brielle Beltrine and the gifts were
distributed by a jolly Santa
Claus.

Serving on the committees
were Mesdames Mollie Kahler,
Irene Argolan, Grace Hennrich,
Martha Bowman, Joyce Mitchell,
M. Strauss, Helen Bergfield,
Elizabeth Gabriel, Frances Grub-
ber, Dorothy Partney, Nina
Bordner, Martha Seebold and
Miss Betty Heller.

Five \$20 Prizes Planned

Rotary To Judge Madison Displays Week of Dec. 18

Plans are being completed for annual judging of home Christmas displays in Madison, it was reported this week by Anthony Zedek, chairman of the Madison Rotary club's Christmas lighting committee.

Madison residents who wish to be considered in the Rotary judging need not submit application blanks, but they should begin work on their exterior holiday decorations, since judging will take place early in the week of Dec. 18, Zedek said.

Plans call for distributing \$100 in awards for the best displays. As in recent years, five identical \$20 prizes are to be given for the decorations considered most outstanding.

While no single winner is chosen, the club feels that the five-award procedure is best, due to the closeness in evaluating the various displays. Past judging staffs have found it impossible on several occasions to rate one display above any of several others.

Net effect of the contest, through the years, has been the encouragement of a large number of festive Christmas displays, ranging from unusual lighting effects to elaborate lawn displays utilizing life-size figures. Many families extensively decorate porches and front walls, while still others blend picture-window living room scenes with the outside ornamentation.

Rules require that lighting be used in some form in each display, and that the decorations be visible from the sidewalk and street. With winners and honorable mention designations announced immediately before Christmas, many local residents traditionally drive through Madison during the holidays to view the decorated homes.

Exact night of the judging is to be announced in advance so that families will know to have their displays lighted. Zedek urged that they endeavor to have their decorations finished by Dec. 19.

Area Manpower Survey Taken Up At Meeting

Attended by representatives of industry, manufacturing, chambers of commerce, employment services and trades, the feasibility of conducting a manpower survey of the Illinois Metropolitan area was considered Tuesday afternoon at a meeting in East St. Louis.

Called by the East St. Louis Chamber of Commerce, the conference mapped tentative plans for a manpower survey to "determine the number of persons employed in specific job classifications, to determine the current demand for each classification and to project the future supply and demand."

Harlan D. Dobry, executive secretary of the Tri-Cities Chamber of Commerce, after attending the meeting, said that plans for the manpower survey will be "elaborated" at a meeting at St. Louis set for Dec. 16.

Dobry explained that a survey to determine the manpower potential of the Tri-Cities and other communities will be of value in the industrial and commercial development of the area.

"New industry is always interested in the labor force available currently and in the future," he declared, "and such a survey would provide reliable statistics."

Granite City Steel to Honor 106 Employees Quad-Cities Birthrate Lags; Stork Tally Below '59 Count

Granite City Steel Co. will present awards to 106 employees with 25 to 30 years service at the firm's annual dinner tonight at the Statler-Hilton Hotel, St. Louis.

The employees will receive engraved wrist watches. Senior member of the group is Carl W. Pushe, 1627 Delmar avenue, a crane operator in the galvanizing warehousing department, who has been at Granite City Steel for 30 years.

Two officers of the company will receive awards. They are James L. Hamilton Jr., executive vice-president and general manager of sales, and Edwin Niedringhaus, vice-president in charge of tin plate sales. Both men have 25 years service.

Other awards will go to: Granite City employees—Walter W. Roethemeyer, Ernest B. Kellio, Rudolph Sparac, David K. Morris, Shelby F. Jones, Edgar V. Bledsoe, Edgar G. Jones, Lee Hutchins, Victor B. Mount, Edward F. Skinner, George E. Knapp, Oscar Francis, Homer A. Thayer, Roy E. Walker, Charles T. Keck.

Oscar J. Bohnenstehl, Anthony J. Dolosic, Arthur Grimm, Harry Craig, Joe E. Allen, Steve Gallo, William T. Quinn, Manuel C. Vassant, Walter H. Kelly Jr., Robert E. Moore, George L. Grimm, Robert Holshouser, James S. Nagy, Lester Henderson, Robert W. Cox, John J. Bejasko, William J. Smith, Arthur Davis, Gracen E. Davis, Elmer W. Lippold, John W. Plafcan, Harry W. Hubler, Raymond W. McCoy, Nathaniel Davis, Monte A. Parks, Louis A. Vrenick, Andy M. Mazer, William Daniel, Anthony Mance Jr., Alvin L. Darrow, Elmer Daniel, Joseph Azari, Jr., Harry J. Venice employees are—Ralph E. Painter and Willard B. Bass, Edwardsville—Stanley J. Rozzycki, Alfred VanVertoo, Joseph H. Kotter and Norman L. Branding.

For the first 11 months of this year, Quad-Cities birthrate failed to keep abreast with those of a comparable period in 1959, according to statistics released today by Granite City Clerk A. J. Stevens.

His compilations for November show an even 100 births were recorded in the Quad-Cities communities. There were two stillbirths and 29 deaths.

Additionally, City Clerk Stevens issued 24 marriage licenses.

Troy—Raymond A. Holt and Alvin Frey.

St. Louis—Arthur W. Davis. Others are Arthur W. Schoenebeck, Belleville; Bert D. Hamilton, Florissant, Mo.; Clarence M. Stehl, Collinsville; Earl V. Schwander, Maryville; and Howard A. Barnhart, Stanton.

Sees Communism Film**

A film study of communism was seen by Granite City Kiwanis Club members at its meeting at 6:30 p.m. Monday at the Elk Club.

The movie pointed up how communists use propaganda to appeal to underdeveloped countries; to exploit their technological and cultural programs; and to tell how communism is for peace.

In other business the group heard reports from President Elmer Harold Karandjeff and Secretary-Elect Eugene Frey about their recent two-day leadership training course for new Kiwanis officers at Chicago.

The club also discussed a 24-hour towing — ask for Andy and John's "B" Body Shop, Waukegan, TR. 7-1083.

Jaycees' Yule Lighting Contest Deadline Dec. 21

Christmastime outdoors lighting decoration of homes, coupled with imagination and ingenuity, will win Granite City Jaycees prize money in the Junior Chamber of Commerce's 1960 "Creative Christmas Lighting Contest."

Annually, beginning in 1952, the Jaycees have held a contest to determine the best exterior decorated and illuminated homes in Granite City, and awarded \$200 in prizes.

Judging will take place on Dec. 22 and 23, with midnight entry deadline for entering. An entry blank appears elsewhere in this issue and will be available Saturday at the following locations: Illinois Power Co. office, the Reese Drug store and Tri-City Grocery at Bellemeor Village shopping center, Graham's Book store, Waukegan's store and the A&P Market.

The \$200 prize money will be awarded \$75 for first place, \$50 for second, \$25 for third and five \$10 cash prizes to runners-up.

The Illinois Power Co., to further the Christmas "Light-Up, Bright-Up" motif, has again

Dies; In St. Louis
Hospital 3 Days**

Larry Randall Hunt, 14, seventh grade pupil at the Frather Junior high school, died Monday afternoon at DePaul Hospital, St. Louis, where he had been under treatment for three days.

An autopsy was performed. In apparent good health, the youth was seized by convulsions and went into a deep coma, from which he never fully emerged. He had been in regular school attendance up to last week.

He was the son of Mr. and Mrs. Thomas Hunt, 3122 Bryan avenue, and had lived in Granite City for the past eight years. Larry was born at Madisonville, Ky.

In addition to his parents, he is survived by five sisters, Patricia, Carolyn, Redia, Cynthia and Sheila Hunt, all of Granite City; his maternal grandparents, Mr. and Mrs. Eugene Moore, and his paternal grandparents, Mr. and Mrs. Gus Hunt, all of Madisonville, Ky.

Funeral arrangements may be found in today's obituary column.

Tri-City Regional Port District Working To Bring Reality To "Soaring Sixties" Here

A year of remarkable achievement that seems certain to be followed by tremendous harbor-industrial development here in the years ahead is outlined today in a special news and pictorial review on this — the first anniversary — of the Tri-City Regional Port District.

Some idea of the scope of the Port District's activities since its inception is reflected in the building proposal for a \$24 to \$30 million industrial "settlement" at the north end of the Chain of Rocks Canal harbor area. And implicit in the proposal is a hint of the vast amount of work that has been done in the last 12 months or so by the seven non-elected commissioners.

The Port District's plan is no idle dream. It is supported by extensive engineering studies, a comprehensive financing program, as well as scores of conferences with industrialists who feel this community has more of what they want than any other area.

Development of the plan can bring reality in the Quad-Cities to the "soaring sixties." And it need not stop there, for further opportunities will still be untapped.

As the Port District chairman, Carl A. Ranft, has said, "we are limited only by our own willingness to work." The community. The results can exceed our fondest dreams."

Michigan State Calls Short School Term An Expensive Relic From Past

"We consider the nine-month school year a relic of an agrarian society which the nation can no longer afford," Michigan State University officials have commented in announcing preparations to institute a "trimmer" plan with next year's freshman class at the new campus at Rochester, Mich. Enabling students to graduate in two and two-thirds years instead of four, the system was voted by the faculty in mid-November and subsequently approved by the board of trustees at East Lansing.

Fifteen-week trimesters will be held Sept. 5-Dec. 20, Jan. 3-Apr. 13 and Apr. 23-Aug. 5, reducing the vacation time from 20 to seven weeks and accommodating one-third more students with the same size plant and faculty. Chancellor D. B. Warner reports. He says this will reduce the need for major capital outlays, make fuller use of available teachers and substantially increase teachers' income. He adds that many faculty members believe continuity of learning activity is better for a student than alternate periods of learning and intellectual idleness.

Scholarship and loan funds will have to be increased to compensate for students' loss of summer jobs, but the chancellor says the student will make a net gain, since he will be giving up two summers' work at low student rates for a year's earnings at higher professional rates, or for a year's earlier start in graduate or professional studies. Michigan State officials note that the plan has been operated successfully at the University of Pittsburgh since September and is being studied by other schools.

The decision in Michigan is another example of the trend toward fuller utilization of school facilities. As said here previously, we feel education is so important that its continuance and improvement should not be jeopardized unnecessarily by cost factors. Whatever expenditure is made should be used to the best advantage, and costly buildings left idle do not fit this definition; rather, they detract from the funds available for salaries, textbooks and equipment.

Improving the individual remains the cardinal purpose of life.

Venice City Christmas Tree In Holiday Dress

Venice's community Christmas tree — a 30-foot Canadian north-west's import — will be up this week to brighten the Broadway

settings from its vantage point on city hall grounds.

Lighting and decorating the tree was done by municipal employees and the tree is a city hall gift to Venice. The city hall itself has been

further embellished with the symbols of the holiday season, extending over to the close-by Venice City library building.

SIU Studying Facilities For School of Nursing In Area

A comprehensive study of nursing education in this area was assured with the arrival last week at Edwardsville SIU campus of Dr. Gerhard Hartman, professor of hospital administration at the State University of Iowa's College of Medicine.

Engaged by Southern Illinois University to make a complete study of nursing education resources and needs in southern Illinois, the internationally recognized hospital consultant met with SIU President D. W. Morris and members of the staff at the university's administrative offices in Edwardsville.

Through such use of local hospitals the university avoids duplicating teaching facilities, it was pointed out. This allows the university to make maximum use of appropriations for buildings. Further, it utilizes communities' investments in the local hospitals to meet professional personnel needs.

The study is being made before the university is concerned with the utilization of its total resources in its long-range as well as in its short-range responsibilities, according to President Morris.

In determining its responsibilities in professional education, the university will consider regional needs as they relate to national shortage. Dr. Hartman stated that this was a timely study in view of the development of nursing education's growth, particularly with the advent of the Southwestern Illinois Campus.

A part of the study will involve the allocation of functions and responsibilities of carrying out a sound nursing education program by the two coordinate units of the university, he said.

Previous studies of the needs for nursing education in Southern Illinois by Hartman, who is also superintendent of university hospitals at the University of Iowa, were made in 1949 and 1956, before the establishment of the university's Southwestern Illinois Campus.

Accompanying Dr. Hartman was Douglas Williamson, assistant superintendent of hospitals at the University of Iowa. Representing the university's Southwestern Illinois Campus was Dean William T. Going.

November Relief Costs In Venice Show Slow Rise

Venice township relief costs edged upward to \$7219 in November, after falling to a 1960 low in October.

Persons totaling 383, included in 120 cases, were aided, plus two persons at the county nursing home.

The year's high figure came in January when relief costs hit \$13,478. This total included 155 cases, involving 506 persons, and one in the nursing home.

The latest figure is far below the \$10,538 expenditure for November 1959, when 543 persons in 165 families were aided.

In October of this year, the amount decreased to \$6945, with 104 cases totaling 313 persons and two in the nursing home.

Second Job Census To Be Taken In Area Next Week

Special questions, designed to provide information on the number of persons who have more than one job, will be asked in the December Current Population Survey. It was announced today by Director Jack W. Traver Jr. of the U. S. Census Bureau's regional office in St. Louis.

The special questions will bring up to date information on the number of persons who take extra jobs to bolster their incomes. Information will be collected on the type of work done on a second job as compared with the regular job, the number of hours worked at the second job, and whether the work was done at night or on weekends.

The special question on secondary jobs will be in addition to the regular monthly inquiries on employment and unemployment. Current Population Survey interviews will be conducted locally during the week of Dec. 12 by Mrs. Dorothy Groh and Mrs. Vera Fantini.

Accompanying Dr. Hartman was Douglas Williamson, assistant superintendent of hospitals at the University of Iowa. Representing the university's Southwestern Illinois Campus was Dean William T. Going.

Dana's 7 famous spray colognes

TABU... brings out the temptress in you.
 AMBRUSH... for the all-powerful, helpless female.
 20 CARATS... when you feel good as gold—or better.
 PLATINE... for the cool diamond collector.
 EMIR... when you must be perfect—almost.
 LAVENDER... for tweeds, not local DANITA... just for the love of gaiety.
